GOOD SKIN KNOWLEDGE

BINGO QUESTIONS

Freckles & Sunburn Handout, ages 11-13

QUESTION	ANSWER
This is the thing that gives skin color. What is it?	Melanin
Sometimes, when we sit in the sun too long, we get patches of these.	Freckles.
Our skin gets freckles and suntan from the sun and its rays, if we don't do this action.	Protect.
What part of the sun can be dangerous? This is the part of the sun that can cause sunburn.	Rays.
Sometimes when we sit in the sun too long, we get all-over color called this.	Suntan.
We use this to act as an extra shield so our skin doesn't get burned or damaged when our body can't protect us on its own anymore.	Sunscreen.
When our body can't make anymore melanin, our skin gets damaged and this happens. It can be very painful.	Sunburn.
We know that when we see our skin getting dark it is becoming what? This is not good!	Damaged.
