Enhance your team's capability to leverage the power of data through expert-led training courses

Qlik™

TRAINING COURSES by keyrus

Architect of intelligence

Why choose Keyrus for your training needs?

AN OFFICAL QLIK PARTNER

Keyrus is a long-standing partner of Qlik with extensive skills across the entire Qlik product range.

DATA & ANALYTICS EXPERTS

Keyrus has unparalleled expertise in business intelligence and data analytics, utilising practical skills.

CUSTOMISED TRAINING

Keyrus trainers can customise courses to include your own data, making the training so much more effective and relatable.

ON-LINE OR IN-PERSON FORMATS

Keyrus trainers provide equally high standard of courses whether they are held virtually or in-person.

Feedback summary

We have a proven track record training hundreds of professionals in a variety of business intelligence tools within South Africa and internationally. We actively seek and value our trainees' feedback:

Trainer's ability to transfer knowledge	5/5
Trainer's experience	4.9/5
Training knowledge utilisation	4.6/5
Training meeting expectations	4.7/5

Beginner Course: Introduction to Qlik Sense

This **2 day** introductory course to Qlik Sense Cloud will guide users in a basic dashboard creation. This course covers an introduction to data prep, data modelling, design of a basic dashboard using effective visualisations with little tips and tricks.

Who will benefit

- **Individuals** new to data analytics
- **Professionals** seeking to understand the fundamentals of Qlik Sense
- **Business users** aiming to leverage data for informed decision-making

Course content

1. Overview of Qlik Sense:
- Understanding the Qlik Sense interface
- Key features and functionalities

2. Data Loading and Preparation:
- Connecting to Excel data sources
- Basic data loading techniques

3. Creating Visualisations:
- Designing bar charts, line charts, and tables
- Utilising selection and filtering options

4. Master Items:
- Creating and managing master
- Dimensions and measures
- Standardising visualisations using master items

5. Building Dashboards:
- Combining multiple visualisations
- Best practices for dashboard design

Pricing

Users	*Cost/course/person	Duration
3	R7,200 ex vat	2 days
4-5	R6,600 ex vat	2 days
6-7	R6,000 ex vat	2 days
>7	R5,400 ex vat	2 days

The outlined pricing is based on virtual (on-line) format.

- All training courses are available in a live virtual format or in person.
- Pricing for training courses for less than 3 and for groups of 10 or more participants will be provided on request.
- Pricing can be customised to your requirements. Please contact us at **sales@keyrus.co.za** for a detailed quotation
- **Prerequisites:** Own laptop. Latest version of free Qlik Sense installed and activated.

Testimonials

Extremely enjoyed the training.

The content covered was valuable and will contribute to my day-to-day tasks.

The training material was very detailed and easy to follow.

The sessions are very interactive and allowed for questions and engagement.

I like that the training was very hands-on. This allowed us to work on exercises and ask the necessary questions.
