§ 9 Prizes

1.2.073bis In the context of prizes managed through the centralised platform, the relevant funds shall remain on the bank account of the centralized platform for a maximum of two years. In situations where, for any reason whatsoever (e.g. missing data to complete payment), the payment to beneficiaries cannot be completed within such period, the funds shall be transferred to the UCI. Thereupon, the UCI will hold the prize money for a maximum period of three years, during which the UCI shall use reasonable efforts to complete the payment process. Upon expiry of such deadline, the relevant funds shall be paid onto the “CPA career and transition fund”.
