Tilmicosin Medicated Swine Feed

Type C Medicated Feed

CAUTION: Federal law restricts medicated feed containing this veterinary feed directive (VFD) drug to use by or on the order of a licensed veterinarian.

INDICATIONS

For the control of swine respiratory disease associated with *Actinobacillus pleuropneumoniae* and *Pasteurella multocida*.

ACTIVE DRUG INGREDIENT

Tilmicosin (as tilmicosin phosphate)[a] ..... 181 to 363 grams per ton*.

GUARANTEED ANALYSIS

Crude Protein, not less than	_____	%
Lysine, not less than	_____	%
Crude Fat, not less than	_____	%
Crude Fiber, not more than	_____	%
Calcium, not less than	_____	%
Calcium, not more than	_____	%
Phosphorus, not less than	_____	%
Salt[1], not less than	_____	%
Salt[1], not more than	_____	%
Sodium[2], not less than	_____	%
Sodium[2], not more than	_____	%
Selenium, not less than	_____	ppm
Zinc, not less than	_____	ppm

[1] If added.

[2] Shall be guaranteed only when total sodium exceeds that furnished by the maximum salt guarantee.

INGREDIENTS

Each ingredient must be named in accordance with the names and definitions adopted by the Association of American Feed Control Officials (AAFCO)

_____

FEEDING DIRECTIONS

Feed continuously as the sole ration for a 21-day period, beginning approximately seven (7) days before an expected disease outbreak. Do not use in any feeds containing bentonite. Bentonite in feeds may affect the efficacy of tilmicosin.

CAUTION:

Feed containing tilmicosin shall not be fed to pigs for more than 21 days during each phase of production without ceasing administration for re-evaluation of antimicrobial use by a licensed veterinarian before re-initiating a further course of therapy with an appropriate antimicrobial. Veterinary Feed Directive (VFD) expiration date must not exceed ninety (90) days from the time of issuance. VFDs for tilmicosin phosphate shall not be refilled.

Do not allow horses or other equines access to feeds containing tilmicosin. The safety of tilmicosin has not been established in male swine intended for breeding purposes.

WARNINGS:

RESIDUE WARNING: Swine intended for human consumption must not be slaughtered within 7 days of the last treatment with this drug product.
