Clay roof tiles with sidelock and headlock
Curved clay roof tiles
Clay roof accessories

Materials destined for discontinuous installation on pitched roofs and walls of buildings.

Flexural strength	Mixed roof tiles ≥ 1.200 N Plain roof tiles ≥ 900 N Curved roof tiles ≥ 1.000 N
External fire performance	Comply
Fire reaction performance	Class A1
Impermeability (Method 2-Category 1)	Mean value ≤ 0,8 Individual value ≤ 0,85 $cm^3/cm^2/day$
Nominal dimensions and tolerances	Technical Form ± 2 %
Frost resistance	≥ 150 cycles (Level 1)
