Featuring a 100% discount on the Continente card

TAKE A ROUND TRIP TO THE CONTINENTE MEGA PIC-NIC TO SUPPORT NATIONAL PRODUCTION AND FOOTBALL

Football, national production and Tony Carreira will turn 21 June into a day to remember.

Continente invites the Portuguese to book their place on the field at the "Quinta da Seleção" and join the party for the sixth edition of Continente's Mega Pic-Nic on 21 June at Lisbon's Av. da Liberdade. They can travel on the Mega Pic-Nic's Train for a fee of 10€ (roundtrip fare) with a 100% discount on Continente's card.

On the north of the country, heading out from Porto's Campanhã station on 21 June at 7h30, the Mega Pic-Nic's Train will stop at Devesas, Aveiro, Coimbra B, Pombal, Entroncamento and Santarém with a final stop in Santa Apolónia. The return is scheduled for 23h00.

On the south of the country, the Mega Pic-Nic's Train will start its trip in Faro at 7h45, stopping in Loulé, Albufeira, Tunes, Ermidas-Sado, Grândola, Pinhal Novo, Pragal and finally Entrecampos-Lisboa, with a return scheduled for 23h00.

To join this trip of celebration and support of Portuguese production and football, you only need to buy tickets for your family and friends at Geostar stores or by visiting www.geostar.pt. This special intercity train, featuring a locomotive allusive to the Mega Pic-Nic, will allow all passengers to enjoy an entertaining trip to the Quinta da Seleção, in the heart of the Avenida da Liberdade.

After 10h00, Avenida da Liberdade will truly become the "Quinta da Seleção", filled with national pride and a place for the finest selection of national products and producers to join the national team's heroes as they shine on Brazil's World Cup. 2014's edition of the Mega Pic-Nic will allow those living in the city to learn several countryside teachings: from activities associated with national production to moments of camaraderie and adrenaline usually experienced on a football pitch.

With the World Cup in full swing, the Quinta da Seleção will present a recreation of a horticultural, fruit and cattle farm, showing the genuineness and superior quality of our country's products. This is particularly highlighted by the training grounds featuring a mega vegetable garden with 2000 m2 and several ludo-pedagogical initiatives, where families can experience and learn the best things you can do in the field and on the pitch. The evening will be brightened by Tony Carreira's concert at the Praça dos Restauradores.
