WORLD WIDE AUTO PARTS ®

World Wide Auto Parts of Madison, Inc.
2517 Seiferth Rd. • Madison, WI 53716
Local (608) 223-9400 • Fax (608) 223-9403 • Wats (800) 362-1025

Thank you for selecting our remanufactured lever shock absorbers.

We are certain you wont be disappointed, and that you will enjoy the handling for which these sports cars are known, and reliability exceeding the original shocks or dampers.

The shocks are filled and ready for immediate installation. Be aware that during shipping, the shocks may have been inverted causing the necessary air in the shock to have gotten into the valve area. If that happened, it will soon work itself out and back to the reservoir, but in the meantime you may sense some erratic movement.

Be sure that all mounting hardware is securely tightened.

Thank you again. If you have any questions, please contact us.

Safety.....Smooth!

Thank you!
