

# FABRICUT® LEATHER

## HOW TO ORDER

Ordering leather from Fabricut is easy! We've eliminated varying prices and established a minimum size hide, and charge for just this amount. Our flat rate fee for hides of each pattern ensures that you and your customer understand the cost up front and there are no unforeseen overages. From there, it's \$35 for 5-7 business day shipping via FedEx from our tannery in Italy.

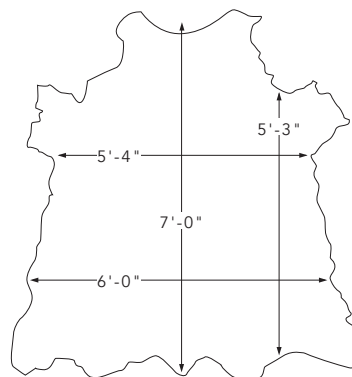

Do remember that leather is a natural product, and may have variances. We ask that you inspect your order to confirm quality and quantity within 5-10 days upon receipt of your order. Defects must be reported within this time period and before cuts and/or fabrications have been made.

For questions regarding ordering leather, contact your local Fabricut representative.

## INDUSTRY SIZE GUIDE

If you have any questions on the amount you will need, we recommend consulting your manufacturer for a proper measurement. However, for a quick estimate you can use the industry size guide below.

- 1 yard = 18 square feet
- 2 yards = 36 square feet
- 3 yards = 54 square feet
- 4 yards = 72 square feet
- 5 yards = 90 square feet
- 6 yards = 108 square feet
- 7 yards = 126 square feet
- 8 yards = 144 square feet
- 9 yards = 162 square feet
- 10 yards = 180 square feet

COWHIDE  
Average Size: 50-55 sq. ft.

Remember, there will be an unusable portion with each hide due to the varying shapes and sizes of hides. Please factor in these irregularities of shape before purchasing.
