

Put your guests at the heart of your hotel

Connect with your guests and create seamless and meaningful experiences, from before they check in to beyond their check out.

Our **CORE Middleware** streamlines your systems into one single touchpoint and adapts with your business as it scales. It then feeds data to a **connected ecosystem** of products that empower your team to meet and surpass guest expectations.

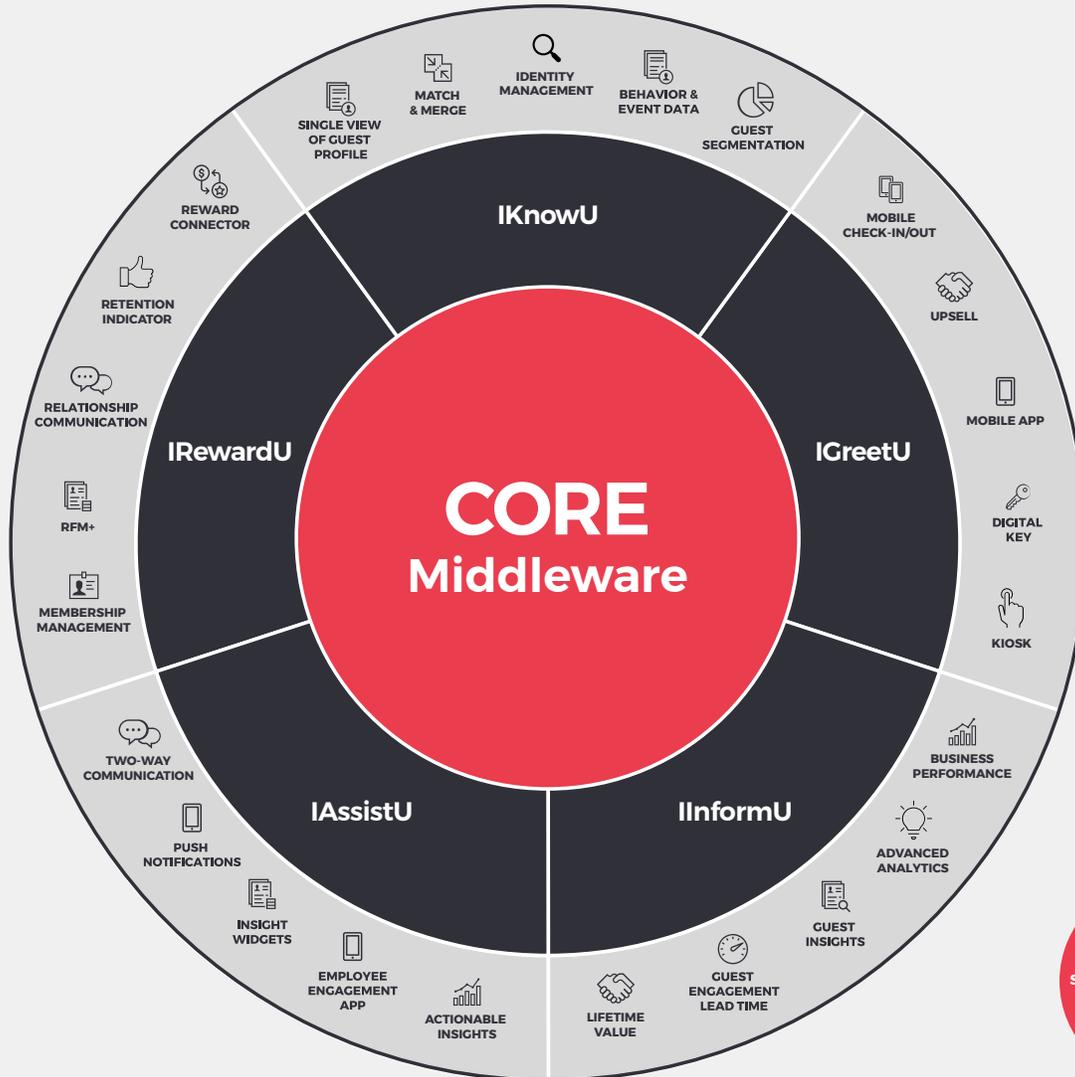

Join our growing network of partners

Our key partners have integrated our ecosystem to delight guests and provide meaningful and lasting value. Get in touch and join them today.

CORE Middleware

Your secure touchpoint between on-premises and above-property systems that feeds data to your connected ecosystem.

IKnowU

A Customer Data Platform (CDP) that unlocks new opportunities that differentiate your hotel and deliver targeted experiences so you can delight guests and keep them coming back.

IGreetU

A virtual service that's completely contactless, guests can check in and out on their terms, making it quick, secure, and easy.

IInformU

Get real-time reporting on real-time data, so you can make more informed decisions about your future strategy.

IAssistU

IAssistU helps staff on the ground and behind the scenes deliver a personalised experience for guests, based on their preferences.

IRewardU

A loyalty programme that works seamlessly with your existing systems. Guests build points with each stay and redeem either in house or with third parties.
