Terms defined in the relevant Prospectus shall have the same meanings when used in this Supplement.

This Supplement is supplemental to, and should be read in conjunction with, the relevant Prospectus including any other supplements thereto.

1. Amendments to the section headed "Important Notices" in each Prospectus

The section headed "Important Notices" of each Prospectus (in each case, as amended up to the supplement dated 15 January 2016) shall be amended by deleting the first three paragraphs under the heading "Ratings" on page 7 of each Prospectus and replacing them with the following:

"The credit ratings of CS and CSi referred to in this Base Prospectus have been or will be issued, for the purposes of Regulation (EC) No 1060/2009, as amended (the "**CRA Regulation**"), by Standard & Poor's Credit Market Services Europe Limited ("**Standard & Poor's**"), Fitch Ratings Ltd. ("**Fitch Ratings**"), Fitch Deutschland GmbH ("**Fitch Deutschland**" and together with Fitch Ratings ("**Fitch**"), Moody's Investors Service, Inc. ("**Moody's Inc.**") and Moody's Investors Service Limited ("**Moody's Limited**"). Standard & Poor's, Fitch Ratings, Fitch Deutschland and Moody's Limited are all established in the European Union and are registered under the CRA Regulation, as set out in the list of registered credit rating agencies published on the website of the European Securities and Markets Authority ("**ESMA**") – <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>. Moody's Inc. is not established in the European Union and has not applied for registration under the CRA Regulation. In general, and subject to certain exceptions (including the exception outlined below), European regulated investors are restricted from using a credit rating for regulatory purposes if such a credit rating is not issued by a credit rating agency established in the European Union and registered under the CRA Regulation unless the rating is provided by a credit rating agency operating in the European Union before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration is not refused.

Subject to the fulfilment of the conditions set out in Article 4(3) of the CRA Regulation, a credit rating agency established in the European Union and registered in accordance with the CRA Regulation (an "**EU CRA**") may endorse (for regulatory purposes in the European Union) credit ratings issued outside the European Union where (a) the credit rating activities resulting in the issuing of the credit rating are undertaken in whole or in part by a credit rating agency or credit rating agencies belonging to the same group (a "**non-EU CRA**"), and (b) the EU CRA has verified and is able to demonstrate on an ongoing basis to ESMA that the conduct of the credit rating activities by the non-EU CRA resulting in the issuing of the credit rating to be endorsed fulfils requirements which are "at least as stringent as" the requirements of the CRA Regulation. On 15 March 2012, ESMA announced that it considers the regulatory framework for credit rating agencies in the United States to be "as stringent as" the requirements of the CRA Regulation. Moody's Limited (which has been registered under the CRA Regulation and appears on the list of registered credit rating agencies on ESMA's website – <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) currently endorses credit ratings issued by Moody's Inc. for regulatory purposes in the European Union. ESMA's website and its content do not form part of this Base Prospectus. There can be no assurance that Moody's Limited will continue to endorse credit ratings issued by Moody's Inc.

CS has been issued a senior unsecured long-term debt rating of "A" by Standard & Poor's, a senior long-term debt rating of "A" by Fitch Ratings and a senior long-term debt rating of "A2" by Moody's Inc. CSi has been assigned senior unsecured long-term debt ratings of "A" by Standard & Poor's, "A" by Fitch and "A2" by Moody's Inc.

As of 1 February 2016, the entity providing ratings for CS and CSi is Fitch Deutschland instead of Fitch Ratings. It is anticipated that with effect from 22 February 2016, the entity providing ratings for CS and CSi will no longer be Moody's Inc. and will instead be Moody's Investors Service Limited ("**Moody's Limited**")."

3. Amend the risk factor "Risks relating to regulatory action in the event that CSi is failing or the UK resolution authority considers that it is likely to fail " in the section headed "Risk Factors" in each Prospectus

The risk factor "Risks associated with the creditworthiness of the relevant Issuer" in the section headed "Risk Factors" in each Prospectus, on (a) pages 67 to 69 of the Trigger Redeemable and Phoenix Securities Base Prospectus, (b) pages 57 to 59 of the Reverse Convertible and Worst of Reverse Convertible Securities Base Prospectus, (c) pages 61 to 63 of the Put and Call Securities Base Prospectus, and (d) pages 60 to 62 of the Bonus and Participation Securities Base Prospectus, shall be amended by deleting paragraph (b) therein and replacing it with the following:

"Risks relating to regulatory action in the event that CSi is failing or the UK resolution authority considers that it is likely to fail

If CSi were to become subject to a "resolution regime" you could lose some or all of your investment in CSi-issued Securities

The EU Bank Recovery and Resolution Directive ("**BRRD**") entered into force on 2 July 2014. Its stated aim is to provide national "resolution authorities" (such as the Bank of England in the UK) with a set of powers and tools to deal with financial institutions that are failing or likely to fail and thereby address banking crises pre-emptively in order to safeguard financial stability and minimise taxpayers' exposure to losses incurred by EU financial institutions.

In the United Kingdom, the majority of the requirements of the BRRD have been implemented into national law through the UK Banking Act (and relevant statutory instruments). The UK implementation of the BRRD included the introduction of the so-called "bail-in" tool (as described below) as of 1 January 2015 and the requirement for relevant financial institutions to meet, at all times, a minimum requirement for own funds and eligible liabilities as of 1 January 2016.

The UK Banking Act provides for a "resolution regime" granting substantial powers to the Bank of England (or, in certain circumstances, HM Treasury), in consultation with the Prudential Regulatory Authority, the Financial Conduct Authority and HM Treasury, as appropriate, to implement resolution measures with respect to a UK financial institution (such as CSi) where the UK resolution authority considers that the relevant institution is failing or is likely to fail and action is necessary in the public interest. The resolution powers available to the UK resolution authority include powers to:

- direct the sale of the relevant institution or the whole or part of its business on commercial terms without requiring the consent of the shareholders or complying with the procedural requirements that would otherwise apply;
- transfer all or part of the business of the relevant institution to a "bridge bank" (which will be a publicly controlled entity);
- transfer the impaired or problem assets of the relevant institution to an asset management vehicle to allow them to be managed over time;
- take the relevant institution into temporary public ownership (i.e. nationalisation); and
- exercise the "bail-in" tool (as discussed below), which could result in a write down of the amount owing or conversion of the relevant liability (which could include a CSi-issued Security) to equity.

In addition, the UK Banking Act grants powers to the UK resolution authority to:

- modify contractual arrangements (such as the terms and conditions of the CSi-issued Securities in certain circumstances);
- suspend enforcement or termination rights that might be invoked as a result of the exercise of the resolution powers (e.g., suspending acceleration and enforcement rights under the CSi-issued Securities); and
- disapply or modify laws in the UK (with possible retrospective effect) to enable the recovery and resolution powers under the UK Banking Act to be used effectively.

Prospective purchasers of Securities issued by CSi should be aware that the exercise of any such resolution power or even the suggestion of any such potential exercise could materially adversely affect the value of any such Securities, and could lead to holders of such Securities losing some or all of their investment. The resolution regime is designed to be triggered prior to insolvency of the relevant institution, and holders of securities issued by such institution may not be able to anticipate the exercise of any resolution power (including exercise of the "bail-in" tool described below) by the UK resolution authority. Further, holders of securities issued by an institution which

has been taken into a resolution regime will have very limited rights to challenge the exercise of powers by the UK resolution authority, even where such powers have resulted in the write down or conversion of such securities to equity.

The exercise by the UK resolution authority of the "bail-in" tool in relation to CSi-issued Securities would result in the write down and/or conversion to equity of such Securities

In addition to the other powers described above, the UK resolution authority may exercise the "bail-in" tool in relation to a failing UK financial institution. The "bail-in" tool includes the powers to:

- write down to zero (i.e., cancel) a liability or modify its terms for the purposes of reducing or deferring the liabilities of the relevant institution; and/or
- convert a liability from one form or class to another (e.g., from debt to equity).

The exercise of such powers could result in (i) the cancellation of all, or a portion, of the principal amount of, interest on, or any other amounts payable on, any Security issued by CSi, and/or (ii) the conversion of all or a portion of the principal amount of, interest on, or any other amounts payable on, such Securities into shares or other securities or other obligations of CSi or another person, and/or (3) the amendment of the maturity of such securities or the amount of interest or any other amount payable on such securities or the date of which such interest or other amount becomes payable (including by suspending payment for a temporary period), including by means of a variation to the terms of such Securities, in each case, to give effect to the exercise by the UK resolution authority of such power.

The purpose of the "bail-in" tool is to enable the resolution authority to recapitalise an institution by allocating losses to its shareholders and unsecured creditors (which could include the holders of CSi-issued Securities) in a manner that (i) ought to respect the hierarchy of claims in an ordinary insolvency and (ii) is consistent with shareholders and creditors not receiving a less favourable treatment than they would have received in ordinary insolvency proceedings of the relevant institution (known as the "no creditor worse off" safeguard).

Insured deposits and secured liabilities and certain other liabilities are excluded from the scope of the "bail-in" tool. Further, as part of the reforms required by the BRRD, other deposits will be preferred in the insolvency hierarchy ahead of all other unsecured senior creditors of a UK institution. Accordingly, if the "bail-in" tool were to be exercised by the UK resolution authority, unsecured securities (including CSi-issued Securities) would be more likely to be bailed-in than certain other unsubordinated liabilities of the UK institution such as other preferred deposits.

The exercise of any resolution power, including the "bail-in" tool, in respect of CSi and any Securities issued by it or any suggestion of any such exercise could materially adversely affect the rights of the holders of such Securities, the value of their investment in such Securities and/or the ability of CSi to satisfy its obligations under such Securities, and could lead to the holders of such Securities losing some or all of their investment. In addition, even in circumstances where a claim for compensation is established under the 'no creditor worse off' safeguard in accordance with a valuation performed after the resolution action has been taken, it is unlikely that such compensation would be equivalent to the full losses incurred by the holders of such Securities in the resolution, and there can be no assurance that holders of such Securities would recover such compensation promptly.

Holders of CSi-issued Securities may not be able to anticipate the exercise of the "bail-in" tool or any such resolution power

The stabilisation powers are intended to be exercised pre-emptively – i.e., prior to the point at which insolvency proceedings with respect to the relevant institution would be initiated – in order to resolve the institution and protect the public interest. Accordingly, the stabilisation options may be exercised if the UK resolution authority:

- (i) is satisfied that a relevant institution is failing, or is likely to fail;
- (ii) determines that it is not reasonably likely that (ignoring the stabilisation powers) action will be taken by or in respect of the relevant institution that will result in condition (i) above ceasing to be met within a reasonable timeframe;
- (iii) considers that the exercise of the stabilisation powers to be necessary, having regard to certain public interest considerations (such as, for example, the stability of the UK financial system, public confidence in the UK banking system and the protection of depositors); and
- (iv) considers that the special resolution objectives would not be met to the same extent by the winding-up of the relevant institution.

The use of different stabilisation powers is subject to further "specific conditions" that vary according to the relevant stabilisation power being used. Additional conditions will apply where the UK resolution authority seeks to exercise its powers in relation to UK banking group companies.

It is uncertain how the UK resolution authority would assess such conditions in different pre-insolvency scenarios affecting the relevant institution. The UK resolution authority is also not required to provide any advanced notice to Securityholders of its decision to exercise any resolution power. Therefore, holders of the Securities issued by CSi may not be able to anticipate a potential exercise of any such powers nor the potential effect of any such exercise on CSi and on any such Securities.

Holders of securities of an institution subject to the exercise of the "bail-in" tool or other resolution power may have only very limited rights to challenge the exercise of such power

Holders of securities of an institution subject to the exercise of the "bail-in" tool or other resolution power (such as Securities issued by CSi) may have only very limited rights to challenge any decision of the UK resolution authority to exercise such power or to have that decision judicially reviewed. Further, the UK resolution authority would be expected to exercise such powers without the consent of the holders of the affected securities.

Prospective investors should assume that the UK government would not provide extraordinary public financial support, or if it did, only as a last resort after the bail-in tool or other resolution tools have been utilised

Provided that certain conditions are satisfied, the UK government may provide extraordinary public financial support in relation to a failing UK financial institution by providing capital to such financial institution in exchange for Common Equity Tier 1 instruments, Additional Tier 1 instruments or Additional Tier 2 instruments, or by taking such financial institution into temporary public ownership (i.e. nationalisation). However, prospective purchasers of Securities issued by Credit Suisse International should assume that any such additional financial stabilisation tool(s) would only be used (if at all) as a last resort after having assessed and exploited the other resolution tools (e.g. the bail-in tool, as described above) to the maximum extent practicable."
