1x
Speedboor 32mm

Materialen

1x
MDF plaat 12mm

1x
Houtlijm

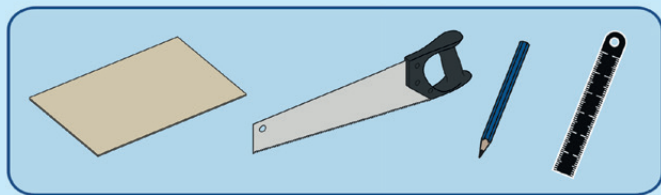

1x
Mantelbuis
5m x 22mm

Knikkers!

Klus verstandig en verantwoord!
Samen klussen is leuk, veilig samen klussen is leuker.

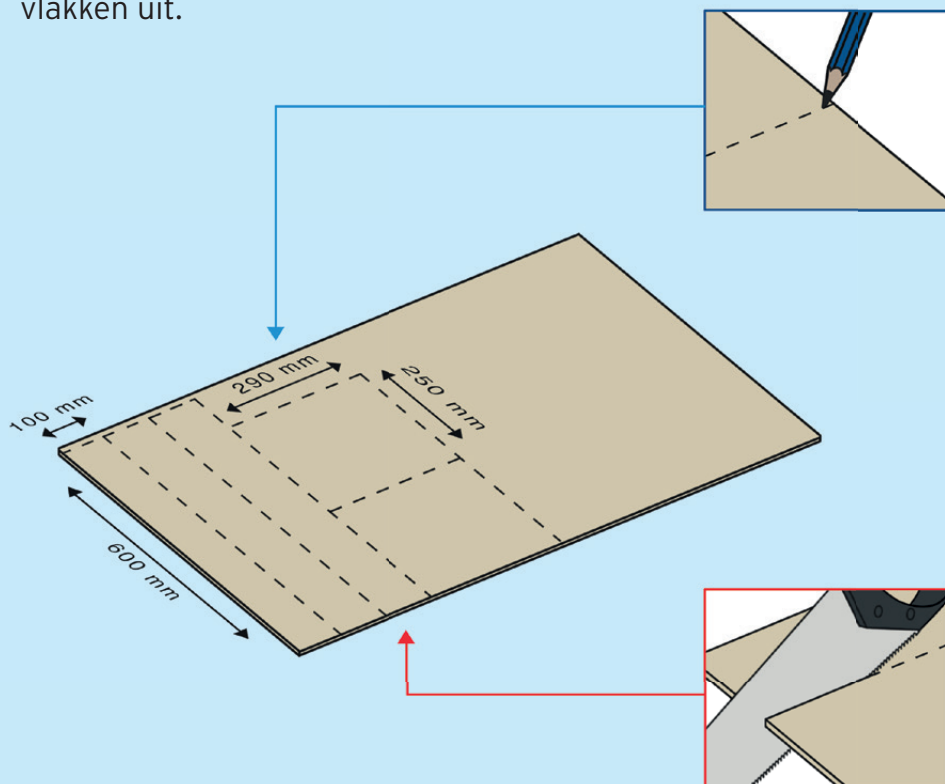

1

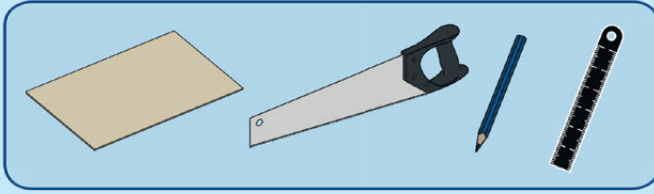

Junior klusser:

We gaan beginnen! Teken op de houten plaat drie lange rechthoeken en twee grote vierkanten.

Papa:

Zaag met een houtzaag de planken en vlakken uit.

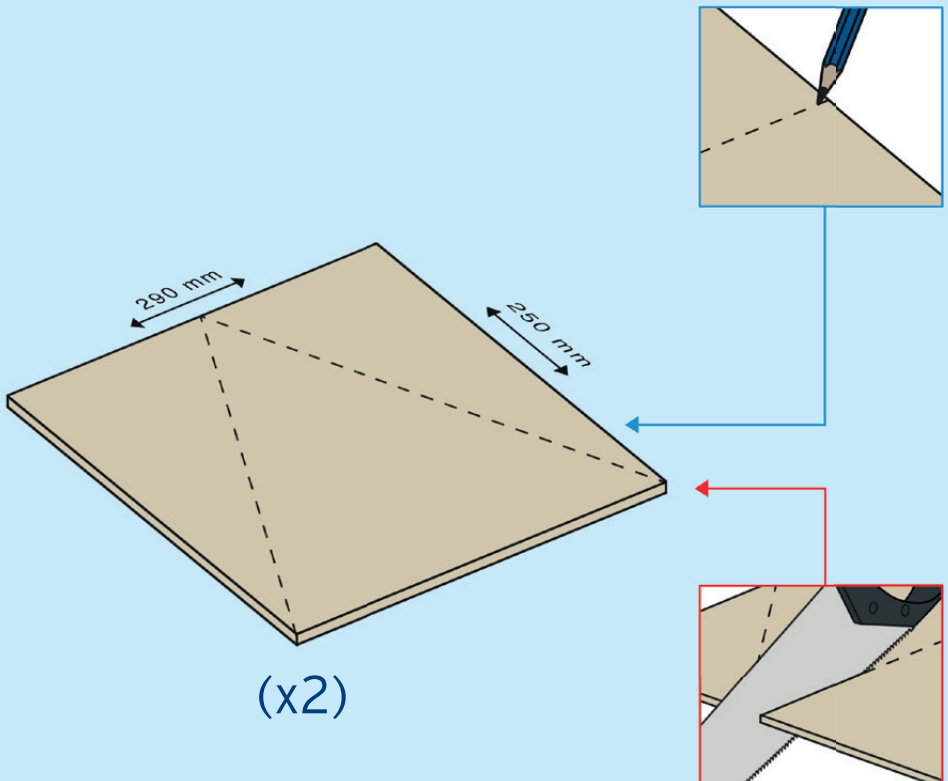

2

Junior klusser:

Teken op allebei de vierkante platen een grote driehoek.

Papa:

Zaag de driehoeken uit met een houtzaag.

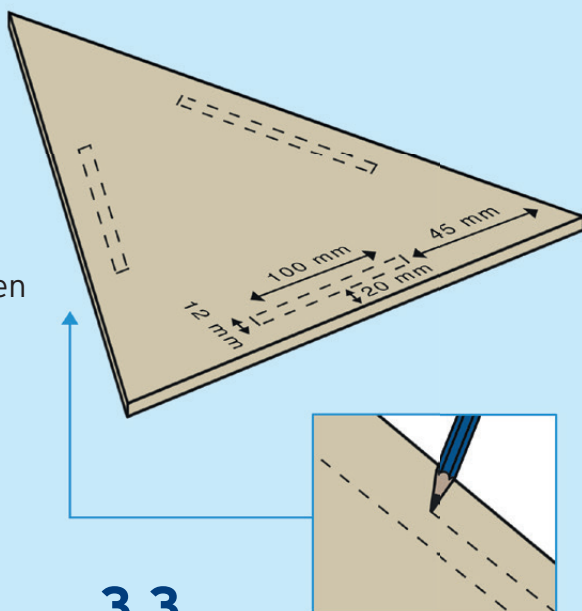

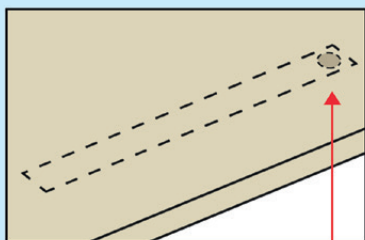

3.1

Junior klusser:

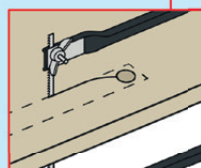

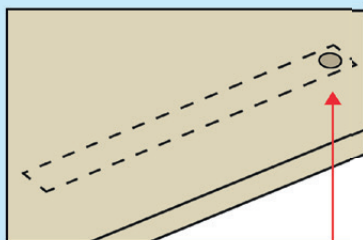

Teken drie vlakken op de driehoeken. Hier gaan we straks de planken in zetten. Laat papa je helpen de maten precies goed te krijgen.

3.2

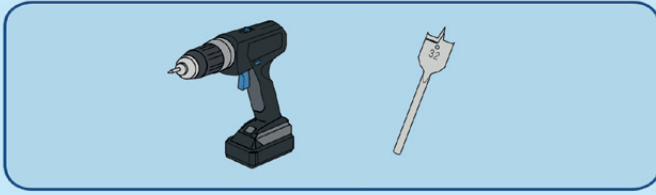

3.3

Papa:

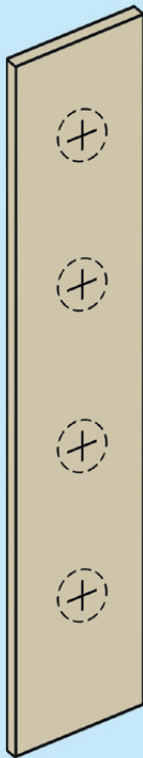

Boor een gat en zaag de uitsparingen uit met een figuurzaag.

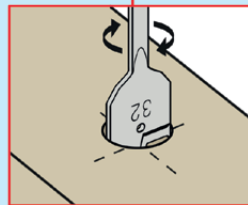

4

Papa:

Boor met de speedboor vier gaten per plank.

(x3)

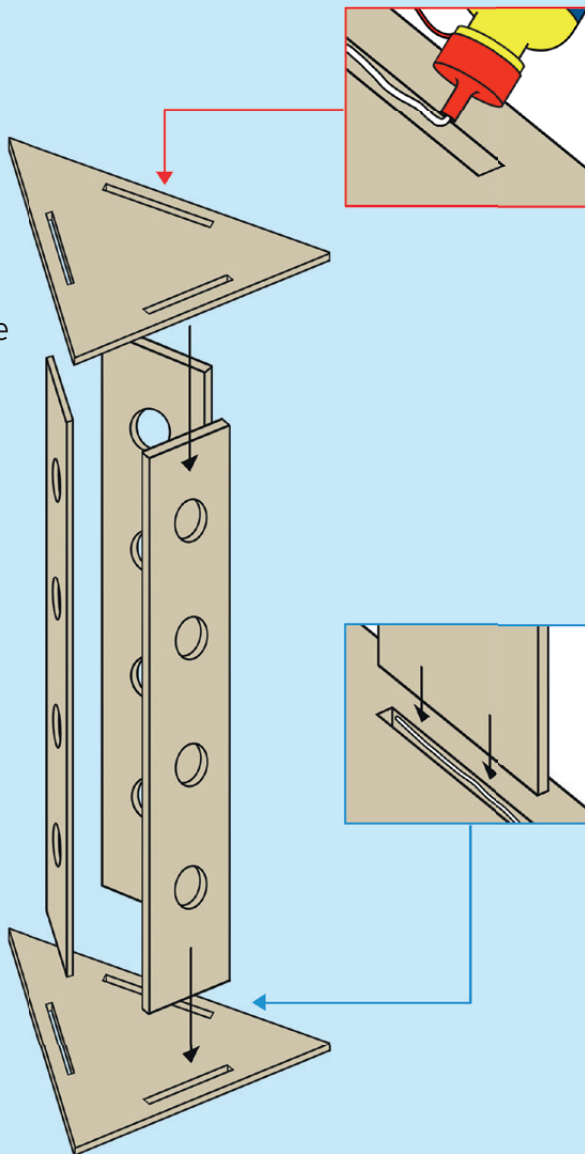

5

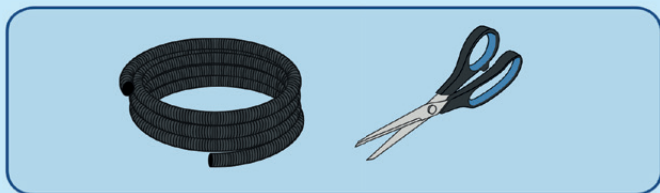

Papa:

Breng houtlijm aan
in de uitsparingen.

Junior klusser:

We kunnen bijna gaan
knikkeren! Schuif nu alle
losse stukken in elkaar.

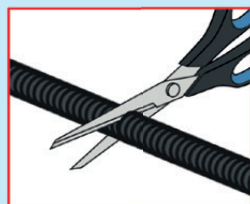

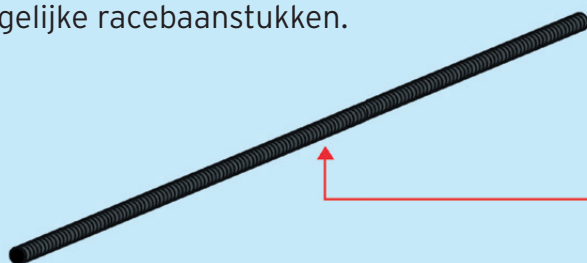

6.1

Papa:

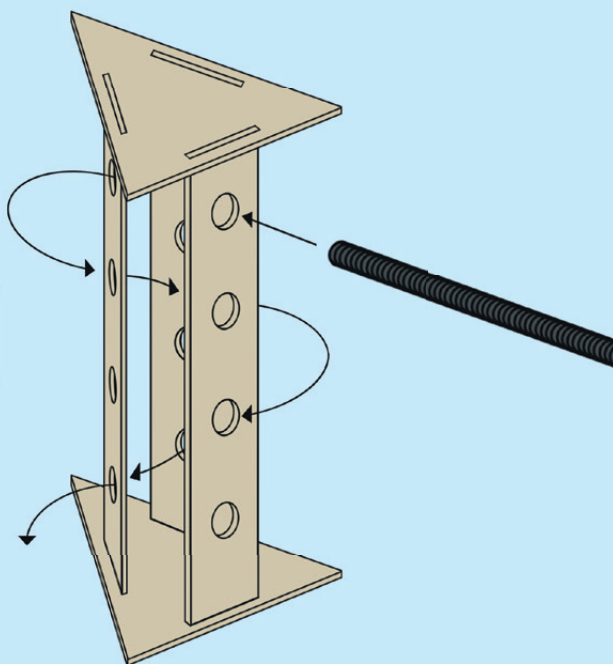

Knip de mantelbuis in twee gelijke racebaanstukken.

6.2

Junior klusser:

Bepaal zelf hoe jouw knikkerbaan loopt!

Racen maar!
