Golden Circle Tours

Reykjavik Excursions offer a wide selection of guided Golden Circle tours for those who want to see the best of Iceland.

The well known Golden Circle mainly consists of 3 sites: Geysir geothermal area where hot springs are in abundance, geysers explode, and pools of mud bubble; Gullfoss, the picturesque 3-step queen of Icelandic waterfalls; and last but not least Þingvellir National Park, where Iceland's most important historical events have taken place as well as being a designated UNESCO World Heritage Site.

For those who want to add something different to the Golden Circle tour; a one-hour snowmobile ride on Langjökull glacier, a one-hour ATV ride, horse riding or steam bathing at Laugarvatn Fontana are ideal additions to a perfect day.

A must do when in Iceland!

Northern Lights Tours

There is nothing more breathtaking than seeing the northern lights dancing in the sky.

The northern lights are caused by the interaction of particles from the sun with the upper atmosphere near the North Pole. That creates this wonderful light effect, known as the aurora borealis (northern lights).

The northern lights are a spectacular natural phenomenon, often seen dancing around in fantastic colours across the Icelandic Arctic sky.

Don't miss your chance of catching these awe-inspiring lights!

If you don't see any lights on your tour you can join our RE62 Northern Lights Tour for free.

These tours depend on weather and sightings are not guaranteed. Indicated return times can vary.

The locations visited differ from tour to tour as we go where the best conditions are to see the northern lights each evening.

Golden Circle & Northern Lights

Explore a few of Iceland's most famous landmarks on the Golden Circle Direct as well as going on a hunt for the northern lights in the evening. Pingvellir is known for being one of the very few places in the world where you can see the North-American and Eurasian tectonic plates above ground, Geysir geothermal area with Strokkur shooting up water every few minutes and the spectacular Gullfoss waterfall are all sights we will see on this tour.

After a day of sightseeing, you will join us for a northern lights hunt. The northern lights are a spectacular sight, not to be missed!

Get the best of Iceland in one day!

Wonders of Snæfellsnes National Park

The Snæfellsnes peninsula in West Iceland is almost like a miniature version of the island. Additionally to Snæfellsjökull glacier, there are black sandy beaches, bird cliffs, spectacular mountains and volcanic craters. En route we stop at the small fishing village Arnarstapi, at Hellnar, a former trading post and Djúpalónssandur beach before passing by the iconic Kirkjufell mountain.

All this stunning landscape has captured the imagination of people all over the world, ever since Jules Verne wrote the famous science fiction novel "Journey to the Centre of the Earth" but the journey begins at Snæfellsjökull glacier.

Experience the magic of Snæfellsnes!

www.re.is

South Shore Adventure

This tour is ideal for nature lovers of all kinds. We drive along the south coast, one of the country's most scenic regions, as far as Vík, a charming village next to high beautiful bird cliffs.

Along the way we stop at the striking waterfalls Seljalandsfoss and Skógafoss and at Reynisfjara black sand beach which is one of the most spectacular beaches in Iceland, with the Reynisdrangar rock formations and columnar basalt.

Additionally, we will stop by Sólheimajökull and walk up to a small lake which has formed in front of the retreating glacier.

A full day of awe-inspiring sights!

www.re.is

Volcanic Wonders of Reykjanes Geopark

Reykjanes Geopark is located on a peninsula divided between continents. This unique place on the drift zone between the North American and the Eurasian continental plates makes it a true Volcanic Wonder!

We start the day by exploring one of the most iconic features of the landscape, the boiling mud pools of Seltún. Next up on our adventure is the Fagradalsfjall volcano, and its surrounding lava fields. After the volcano hike, we stop by the bridge between continents, where you can walk between the continental plates that divide the peninsula. Finally, we stop by the largest mud pool in Iceland, Gunnuhver, where you can feel the ground shake from the enormous power released from the boiling water and steam.

Otherworldly landscapes!

Langjökull Ice Cave Experience - Into the Glacier

Visit a unique and remote man-made ice cave in Langjökull glacier, one of Iceland's largest and most spectacular glaciers. We begin the tour by driving to the lush Húsafell area with stops at Deildartunguhver, Europe's highest water flowing hot spring and the beautiful waterfalls, Hraunfossar and Barnafoss. After a break in Húsafell, we head on up to Langjökull, partly in a specially modified glacier vehicle. It will almost take us to the top of the glacier, where we enter the magnificent cave. Going into the glacier is an unforgettable experience which takes place in one of the world's greatest wilderness.

Imagine standing on an ice cap reaching 200 metres below your feet!

www.re.is

Jökulsárlón Glacial Lagoon & Diamond Beach

On this great tour to Jökulsárlón glacial lagoon, we drive along the south shore, one of Iceland's most scenic routes. Along the way we will see beautiful mountains, glaciers and beaches.

The highlight of the day is Jökulsárlón, with its enormous and ancient icebergs breaking off from Vatnajökull glacier - a sight you cannot miss! The lagoon covers 18 square kilometres (7 square miles) and reaches more than 248 metres (814 ft) at its deepest point.

Close by is the aptly named Diamond Beach, where beautiful icebergs decorate the black sands.

En route we will also stop at two stunning waterfalls, Skógafoss and Seljalandsfoss.

Beautiful scenery all day long!

www.re.is

South Coast & DC-3 Plane Wreck Black Beach ATV Adventure

On this fun, adventurous tour, we will experience different landscapes of all kinds. We head to the south towards Mýrdalsjökull glacier and Katla, a dormant volcano. The ATV tour starts from our base camp, and it takes us down to the black lava sands, crossing some small rivers and onwards to the Sólheimasandur beach where a famous DC-3 airplane wreck is, known from a Justin Bieber music video and a Bollywood film. From the black beach, we will enjoy the amazing view up to Mýrdalsjökull and along the south coast to Dyrhólaey promontory.

Additionally, after the ATV tour we will stop at the two scenic waterfalls, Skógafoss and Seljalandsfoss before returning to Reykjavík.

It's like being on the moon!

Scan the QR code for best prices, schedule and information on
www.re.is

South Coast & Glacier Hiking

A glacier hike is a great way to experience Icelandic nature.

On our way to Sólheimajökull glacier, an outlet glacier from Mýrdalsjökull, Iceland's fourth largest glacier, we pass by Eyjafjallajökull volcano that erupted with a world famous bang in 2010.

Upon arrival at Sólheimajökull we get our crampons, harness and ice axe and start the hike. The walk time is 2-2,5 hour and we spend 1-1,5 hours hiking on the glacier.

We will learn more about the wonderland of ice sculptures, ridges, deep crevasses and why the glaciers are melting and disappearing. En route back to Reykjavík we stop at the striking waterfalls, Skógafoss and Seljalandsfoss.

Otherworldly Experience!

Scan the QR code for best prices, schedule and information on
www.re.is

South Coast & Glacier Snowmobiling Adventure

We begin by driving along the south coast of Iceland past the infamous Eyjafjallajökull glacier towards its spectacular neighbour Mýrdalsjökull glacier.

From there, we will go on an hour long exciting snowmobiling adventure taking you to the top of Mýrdalsjökull, where you will have a breathtaking view of South Iceland, one of the most scenic areas of the country.

After the tour, we make stops at two of Iceland's famous waterfalls; the much-photographed Skógafoss & the gorgeous Seljalandsfoss, which is unique as you can walk behind it and through the other side.

Come along for the ride of a lifetime!

www.re.is

The Lava Tunnel

- Caving in Raufarhólshellir

On this excellent tour we visit the lava tunnel Raufarhólshellir located only 30 minutes from Reykjavík. We will witness the inner works of a volcanic eruption while we walk in the path of lava that flowed thousands of years ago.

The lava tunnel is one of the biggest caves in Iceland and gets up to 30 metres wide and 10 metres high. The lava tube ceiling has caved in near the entrance, which creates beautiful columns of light. The fantastic range of colours of the tunnel walls is caused by the different mineral types in the walls of the tunnel.

Scenes from the Hollywood movie Noah, with Russell Crowe and Anthony Hopkins, were shot in this lava cave.

Challenge your senses!

Scan the QR code for best prices, schedule and information on www.re.is

Whale Watching from Reykjavík

The ocean around Iceland is home to some of the most magnificent creatures on Earth. This tour will give you the possibility of seeing whales in their natural habitat as well as the rich and thriving birdlife Iceland has to offer. You might see some spectacular behavioural displays from breaching humpbacks to spinning dolphins and graceful minke whales.

A unique experience, not to be missed that also offers some of the best scenic views of Reykjavík and the surrounding landscapes. Because of nature's unpredictability, it is impossible to guarantee sightings but in case you don't see the whales you get a free ticket for a second try!

Unforgettable wildlife adventure!

Scan the QR code for best prices, schedule and information! www.re.is

Snorkeling in Silfra

Silfra is a fissure between the North American and Eurasian continental plates. Silfra constantly fills with glacial water that has been trickling through underground lava rock for 30 years. This remarkable crack between two tectonic plates is therefore filled with the clearest water on our planet, allowing for over 100 meters visibility.

On the snorkeling tour we will dress you in a dry suit and guide you through the four parts of the Silfra fissure. Floating through Silfra's crystal clear water is an otherworldly experience; the near-freezing water, astonishing colours, and sensations of flying provide a very unique environment for liquid meditation that you will never forget.

Snorkel between two continents in the clearest water in the world!

Scan the QR code for best prices, schedule and information! www.re.is

Lava Tour

Riding on the Icelandic horse is something horse lovers have to experience at least once in their lives. On this tour, you get to enjoy the friendly horses on excellent riding paths.

The riding tour is 1.5 – 2 hours and you will go through the lava fields surrounding mountain Helgafell volcano and onwards to the beautiful hillsides of the Bláfjöll mountains towering over the horizon.

The Icelandic horse were brought here by the Norse settlers in the 9th century and have been an important part of the Icelandic history ever since.

Horse lovers shouldn't miss this tour!

Scan the QR code for best prices, schedule and information! www.re.is

Wonders of Iceland & Northern Lights Planetary Show

Perlan is a must-visit landmark and nature exploratorium in Reykjavik. Visitors will go through a 100-meter-long Ice Cave, the first of its kind in the world, and learn about Icelandic glaciers in an amazing interactive exhibition.

You will feel the power of volcanoes and earthquakes, see a realistically constructed bird cliff, experience oceanic wonders and a unique northern lights planetary show (guaranteed northern lights).

Visitors can see, feel, and live Iceland's many natural wonders all in one place.
