If you're not happy, we're not happy. Why? Because giving you the very best service we can is important to us.

Below is our complaints handling procedure, which lets you know what you can expect from us and how we handle complaints.

Our complaints handling procedure.

What is a complaint?

A complaint is any contact from, or on behalf of, a customer or potential customer who is not satisfied with any part of our service.

What to expect.

All of our Energy Specialists are energy experts and go through extensive training to take full ownership of your complaint from start to finish. They're empowered to make decisions in order to provide you with the best possible resolution to your complaint.

Firstly, tell us about your complaint.

We'll work together to resolve it. Our Energy Specialists aim to find a resolution that works for everyone involved. We'll say sorry, offer to give you an explanation and fix any mistakes. We may also offer you compensation in appropriate circumstances. We aim to resolve most complaints straight away, but more complex cases might take us longer. Don't worry though, we'll keep you in the loop so you know what's happening and what to expect next.

Not satisfied with the outcome? Let us try again.

You can ask for, or we'll get you a second opinion from another expert or manager to reach a fair outcome we're all happy with. Together, we'll agree how and when we'll keep you up to date on your complaint's progress.

The Energy Ombudsman.

Is a free, independent and impartial service. If we don't agree on a resolution, you can contact the Energy Ombudsman if we've sent you a final offer letter or if we haven't resolved your complaint within 8 weeks. Get in touch with them on **0330 440 1624**, email enquiry@ombudsman-services.org, visit ombudsman-services.org/sectors/energy or write to **PO Box 966, Warrington, WA4 9DF**.

The Energy Ombudsman will carry out an independent investigation on your behalf and any decision reached by them that you accept is binding on us, but not on you. As part of resolving your complaint; **they may ask us to do one or more of the following:**

- apologise
- give an explanation
- take action to correct things for you
- award compensation

Independent help or advice.

We get that sometimes you might want to get some free and impartial advice from someone other than us, someone independent. Citizens Advice and Advice Direct Scotland are the official sources of free and independent energy advice and support and calls to them are free.

- If you live in England or Wales, go to citizensadvice.org.uk/energy or call 0808 223 1133. Relay UK: 18001 followed by 0808 223 1133.
- If you live in Scotland go to energyadvice.scot/ or call 0808 196 8660. Relay UK: 18001 followed by 0808 196 8660.
