Annex to Key Facts – Community Fee	
What service does the Community Fee cover?	The charge covers Building maintenance, Building insurance, Cleaning and maintenance of communal areas, Water, Gas, Electricity, 24-hour emergency response service, Contribution to the reserve fund for future major repairs, Bin collection, Daily check (on request), a contribution to Belong's management costs.
Is the charge 'fixed' or 'variable'?	The charge is 'variable' in that it changes every year according to changes in actual costs only. Any increase in the Community Fee is capped at 3% above the Retail Price Index figure for November.
When does the Community Fee change and with how much notice?	The Community Fee changes on 1 April every year. Tenants receive at least 28 days' written notice of the new charge.
What happens if Belong is unable to provide a service covered by the Community Fee?	We would manage any significant failure to provide a service to minimise disruption to tenants (e.g. by making alternative arrangements).
Is any of the Community Fee payable before moving in?	The Community Fee is payable monthly in advance.
Is any part of the Community Fee held in trust?	The Community Fee fund is held on behalf of the tenants; Belong does not use it for any other purpose.
When are tenants informed about the Community Fee budget and accounts?	Tenants receive the Community Fee Accounts for the previous financial year in September. In March, tenants receive a draft Budget for the financial year starting in the following April.
Can tenants influence the Community Fee and the services offered?	We hold regular tenants meetings which provide an opportunity for tenants to provide feedback and ideas in relation to services and raise questions in relation to the community fee. However, the setting of the community fee is cost-driven to ensure sustainability of Belong services and is part of the budget-setting of the organisation.
How do we manage any annual surplus or deficit on the Community Fee account?	Any deficit on the account ('underpayment') may be recharged to tenants. Any surplus ('overpayment') is not refunded to tenants but applied to the Reserve Fund to contribute towards future repairs at the village.
Are the latest itemised charge budget and accounts available?	Copies of the current annual budget and the latest available annual accounts are available on request.

Annex to Key Facts – The Reserve Fund	
What is the Reserve Fund?	The Reserve Fund is a contingency or reserve fund used to offset the cost of major repairs or replacements in the future, such as lifts, roofs, windows, doors, driveways, paths, heating systems, and fencing. Contributions to the costs of major repairs, replacements and improvements within the community are collected through the Community Fee payable by tenants.
What processes are in place to assess future capital expenditure needs?	Professional surveyors carry out regular site inspections for Belong to determine future capital investment needs. A rolling capital investment programme is in place to ensure that the properties are always safe and maintained in good condition.
Will tenants be liable for further charges if the Fund is unable to cover the full costs of major capital works?	If there is any unforeseen need for capital investment and it cannot be met from the Reserve Fund, Belong would cover the costs and seek to recover these through future increases in the Community Fee.
