

EUROLUB DPF-REINIGER-SPRAY

Performance:	<p>Non-flammable cleaner containing no metal removing carbon and ash deposit in diesel particle filters. Neutral flushing elements simultaneously ensure smooth removal of the soot particle.</p> <ul style="list-style-type: none"> • Extremely good solvent of carbon deposits in particle filters. • Non-flammable • The particle filter need not be dismantled to clean it • Neutral formula with no metal or ash • Practical in application as the product is supplied in an aerosol tin and no tools are needed. • No subsequent cleaning needed as the cleaner needed as the cleaner evaporates without residue.
Application:	<p>Recovering full diesel particle filter performance. Remediating loss of performance or malfunction due to dirty diesel particle filters. For preventive purposes if driving habits are unfavourable.</p>
Directions:	<p>Remove the temperature and/or pressure sensor/s on the exhaust pipe/s. Spray the product into the aperture/s thus created using the special nozzle in the diesel particle filter direction. Then test drive for at least 20 minutes.</p> <p>Note: If the test drive makes it obvious that no regeneration has occurred then this be carried out manually.</p>
Delivery:	<p>Art.-Nr. 003801 12 x 400 ml</p>

Technical Data:			
Data	Unit	Test method	EUROLUB DPF-Reiniger-Spray
Colour		visually	pink
Odour			Aminic
Density, 20°C	g/cm ³	DIN 51757	1,01
pH-value			11,47
