Welcome!

The information on the following pages will help you explore DFW's health and wellness benefits known as Total Rewards.

DFW is committed to a comprehensive Total Rewards program that helps our retirees stay healthy and feel secure. Total Rewards is the sum of retirement and benefits DFW Airport provides to its retirees.

Annual Benefits Enrollment

Oct. 21- Nov. 4, 2024

The annual benefits enrollment is 'passive,' meaning you don't have to return your enrollment form unless you want to make a change or cancel your coverage. Once you remove yourself or a dependent from the medical and/or vision coverage, you may not reenroll later. The last day to make a change to your benefit selections is Nov. 4, 2024.

The benefit choices you make during the annual enrollment period will go into effect Jan. 1, 2025, (or on your retirement date, if you retire after Jan. 1, 2025), and will stay in effect through Dec. 31, 2025.

Updates for 2025

Good News! Our medical and vision providers will remain the same for 2025

- There is an increase to the OAP and Medicare Supplement plans annual deductible. See pages 10 and 17.
- Access to the LiveWell Center has been upgraded. See page 20.

Enrollment Process & Decisions

Process For New Retirees To Enroll

If you are a new retiree, please complete your enrollment form and return it to the address below, email it to retirees@dfwairport.com, or fax it to 972-973-1148.

Human Resources
DFW Airport Board
P.O. Box 619428
DFW Airport, TX 75261-9428

Process For Current Retirees To Enroll

Your Open Enrollment Form is enclosed with your packet of materials.

Plan Options

The medical and vision plans available to retirees not yet 65 years of age are the same plans offered to active employees. Retirees age 65 or older who want to remain on a DFW Airport medical plan must select the Medicare Supplement Plan.

Dental coverage is not available under the retiree benefits program. If dental benefits are desired, coverage must be elected through COBRA at termination of employment.

All medical and vision plan features are reviewed each year and are subject to change. Notification of plan changes will occur during annual open enrollment or as otherwise necessary.

Making Changes During The Year

The benefit choices you make during the enrollment period will go into effect on Jan. 1, 2025, or on the first day of the month following your separation, if you are eligible for retirement benefits. Your benefit choices will stay in effect until Dec. 31, 2025. You will be able to change your choices during next year's open enrollment.

You must be continuously enrolled in a DFW Airport medical and/or vision plan to maintain coverage. If you and/or your dependents elect to terminate coverage during the year, you may not reenroll later.

Premium Payments

You will receive a monthly invoice for your medical insurance premium. Payment is due by the first of the month. Payment must be in the form of a check or money order and mailed to the address below.

Cushion Employer Services
PO Box 2715
Omaha, NE 68103-2167

If payment is not received by the first of the month, benefits will be terminated and cannot be reinstated.

Receiving pension payments?

Your medical and/or vision insurance premium may be deducted from your monthly pension benefit through JPMorgan Chase Bank. If your monthly retirement annuity does not cover your premium, you will receive an invoice.

Medical Subsidy Credits

Retirees who terminated their employment after Jan. 1, 2003, are eligible for medical subsidy credits. Participation requires a minimum of 10 years of employment with DFW Airport. The medical subsidy is available until the retiree reaches age 65.

Regardless of the amount of the credit, a retiree's minimum monthly premium will be equal to or greater than that of an active employee of DFW Airport. The subsidy is calculated as \$20 per completed year of service up to a maximum monthly credit of \$400.

Credits are applied to the premiums of the retiree's DFW Airport medical plan option (Health Reimbursement Account, Open Access Plus In-Network, Open Access Plus) and cannot be applied to premiums for the Medicare Supplement Plan.

Eligibility Requirements

Who Is Eligible For Coverage Under DFW Airport's Retiree Health And Wellness Plans

Once you leave employment with DFW Airport you are eligible to participate in the Airport's retiree medical and/or vision plans, even if you do not immediately draw your pension/retirement benefits, provided you meet the eligibility requirements below.

1. You were enrolled in one of the medical and/or vision plans offered by the Airport immediately prior to your separation.
2. You were at least 55 years of age and completed at least five consecutive years of service with DFW, measured from your date of hire, at the time of your separation.
OR
You are eligible for an early retirement benefit as defined in the DPS Pension Plan.
3. You were not receiving any long-term disability benefits under a plan offered by the Airport at the time of your separation.

Dependents on your Airport active medical and vision plans at the time you retire are eligible for coverage under the Airport retiree medical and vision plans.

The retiree and qualified dependents must be on the same medical plan if all members are under the age of 65. If the retiree and/or spouse reaches age 65 and elects to continue coverage through DFW Airport's Medicare Supplement plan, the other covered family members may remain on the under 65 retiree medical plan in which they are currently enrolled.

If the retiree and/or spouse is eligible for Medicare because of a disability or reaching age 65, Medicare Part A and Part B will pay as the primary coverage for the Medicare eligible person. The DFW Airport plan will pay after Medicare, and there are no guarantees that all costs will be paid by the plan.

You are permitted to remove dependents from your plan during the year, but you are not allowed to add them.

Who Is An Eligible Dependent?

Medical Coverage

Health Reimbursement Account

The Cigna Health Reimbursement Account (HRA) has a lower premium cost option for your health care coverage. This plan combines a Cigna high-deductible health plan with a health care account, known as a “fund,” to help pay your costs.

At the start of each plan year, DFW Airport provides you with a fund to help you pay for eligible out-of-pocket health care costs.

- ***\$500 Retiree only coverage***
- ***\$1,000 Retiree and dependent coverage***
- ***The amount is prorated if you join the plan during the year.***
- The fund pays first before you begin paying the deductible for you and your dependents. Eligible health care expenses, including prescription drug copayments, are automatically paid from the fund first.
- The plan offers tax-free benefits as the fund does not count as taxable income for you. That means you can cover some health care costs with tax-free dollars.
- No claim forms are required if you visit doctors and other health care providers in the Cigna Open Access Plus (OAP) network. Out-of-network visits may require a claim form and you may have to provide payment in full at the time of your visit.
- You may be required to request your own preauthorization prior to certain procedures and you could be billed for the balance not payable by the plan.

Open Access Plus In-Network

When you choose the Cigna Open Access Plus-In-Network (OAPIN) plan, you are choosing to use participating network doctors, hospitals and other health care providers in the Cigna Open Access Plus (OAP) network.

Most office visits and services require a copayment and the remainder is covered by Cigna, without deductibles. It's an easy way to budget your health care expenses.

- Health care services require a copayment, so you know what you are going to pay when you go to the doctor.
- No Primary Care Physician is required. No referrals are required.
- Benefits are only payable for services performed by a network provider or facility. If you use a doctor, hospital or other health care provider outside the network, your care will not be covered and you will have to pay the full amount for the services, except in the case of an emergency.
- An emergency is defined as a sickness or injury so severe that failure to get immediate medical attention could cause serious bodily harm or put a person's life in danger. Some examples are heart attack, excessive bleeding, loss of consciousness and significant injuries.

Benefits are payable only for services performed by a network provider or facility (only with the OAPIN).

Open Access Plus

When you choose the Cigna Open Access Plus (OAP) plan, you and your covered dependents can receive care from any doctor, hospital or other health care provider. If you use a network provider, typically you'll pay less out-of-pocket and get the highest level of benefits. If you use a provider outside the network, you'll still be covered, but your out-of-pocket costs will be higher.

- You must first pay a deductible for you and your covered dependents, then pay the applicable coinsurance for covered medical bills.
- There are no claim forms when you receive care from a Cigna Open Access Plus (OAP) network provider.
- Out-of-network visits may require a claim form and you may have to provide payment in full at the time of your visit.
- You may be required to request your own preauthorization prior to certain procedures and you could be billed for the balance not payable by the plan.

Medicare Supplement Plan

Retirees 65 years of age and older are allowed by law to supplement their government-provided Medicare plan with additional coverage. DFW Airport offers a supplemental plan for retirees and all current retirees may continue their coverage in this plan. Retirees who were originally hired before Jan.1, 2012, are eligible to participate in the Medicare Supplement plan. The plan is not available to retirees who were originally hired as employees after Dec. 31, 2011.

Medicare Part C

Medicare Advantage Plan does not integrate with the DFW Medicare Supplement Plan.

The plan provides medical coverage through the Cigna Open Access Plus (OAP) plan. Prescription drug coverage must be obtained through Medicare Part D or through a private insurance company.

Medicare Part A and Part B are primary and the DFW Airport plan coverage is secondary. Claims are filed with Medicare first. Remaining unpaid costs are submitted to Cigna. There is no guarantee that all costs will be paid by the plan.

Only you and your covered spouse are eligible to participate in the Medicare Supplement plan. Medical subsidy credits do not apply to the Medicare Supplement plan.

If the retiree or covered spouse elects to continue with DFW Airport's Medicare Supplement plan upon reaching 65 years of age, the other covered family members may remain in the plan in which they are currently enrolled. Medicare will pay claims as primary on the first day of the retiree's or covered spouse's 65th birth month.

In order to continue coverage for your dependents when you reach age 65, you must be enrolled in the Medicare Supplement plan. If you decline to participate in the Medicare Supplement plan, you may not enroll at a later time.
