Unfortunately not. After what happened with the day in the life film, I'm not inclined to bring this film to their attention. Externals will have to do.

Hi [REDACTED]

Would it be possible for us to get hold of some footage of Parliament in session from [Parliament.tv](#)? It would be helpful for the myth busting film. Otherwise the stock footage is only external views.

Thanks [REDACTED], I've liked your music choices so far so am inclined to trust you but I will listen to some options on Monday.

Vimeo works for us, thanks.

Thank you [REDACTED]

I'm not sure if you would like to choose the music for the myth busting video? We use Audio Network. You can listen and let me what you like. Alternatively if you're busy, leave it to us. I think you we will need something less strong than the Transport Police track due to the voice over. We need a track without vocals.

We can upload the new films onto Vimeo so you can view them there. If you are able to access Vimeo.

[REDACTED] will send you the links when they are uploaded.

Apologies, the words in the right column should be text and voiceover. I was just using the left column for background visuals.

Type of voice – the usual trusted voices – Yorkshire if possible or Scottish or Welsh. Female.

No problem about the budget.

Our IT team have now blocked WETransfer but they are going to set us up a SharePoint site that you can access to upload films. I hope that's OK. I'll send this asap.

Morning [REDACTED]

Please can I confirm that you don't want on screen text in this film as per the script?
So you just want voice over? Text can be helpful if people are watching online with
the sound down...

Do you have any thoughts on the type of voice you would like to use?
I was wondering about the voices of the actors we were considering for our drama.
Also I need to update the budget with a voice over fee.

Best wishes [REDACTED]
