Hi [REDACTED]

Thanks very much for coming back on this. A call sounds good – we are still waiting on some internal decisions to be made here – I will let you know ASAP.

Alternatively, if we needed to, would it be possible to take down the entire Business costs section of the site for a temporary period?

So everything under: <https://www.theipsa.org.uk/mp-staffing-business-costs>

Thanks very much

Hi [REDACTED]

[REDACTED]

It may be easier to discuss this on a call once the request is made official. We could can be

available for a 30min call tomorrow or Wednesday if that would help.

Thanks [REDACTED]

Hi all

Following the tragic events on Friday in Leigh-on-Sea we may be asked to [remove some of the data for Sir David Amess](#) from public view today.

At this stage we are waiting for this request to be made, but we thought it would be wise to get in touch to let you know this may be coming.

Would it be possible to let us know the actions needed to take down this specific set of data, and how quickly it could happen once the request is official?

Thanks very much
