

ABOUT GLORY REBORN ORGANIZATION

The charity, **Glory Reborn**, was founded in 2003 and has since invested in thousands of lives including the safe delivery of over 4,500 healthy newborns.

Glory Reborn provides compassionate and holistic care to marginalized moms and babies of Cebu, Philippines. Glory Reborn in Cebu offers high-quality holistic care and is saving lives, one mom and baby at a time. From our humble beginnings of a small apartment where we provided maternity care with just three midwives, we have now grown into a fully licensed maternity clinic providing sustainable employment for Filipino professionals offering round the clock services to our clients.

WHY WE EXIST

Glory Reborn exists to stand in the gap for marginalized mothers and babies through providing access to quality care thus, actively working to reduce maternal mortality for one of the most vulnerable populations.

Glory Reborn Organization is a registered 501(c)3 non-profit in the United States and a licensed maternity clinic in the Philippines. Founders David and Hilary believe that no woman or child should be denied access to quality healthcare regardless of their socioeconomic status.

Glory Reborn has contributed to the reduction of maternal and infant mortality in the Philippines overcoming the national statistics with **zero** maternal deaths in the maternity clinic over the past 16 years.

In a nation where maternal mortality costs approximately 11 mothers their lives daily, Glory Reborn has overcome the challenges and invested high quality, holistic care saving over four thousand lives. Glory Reborn's model ensures mothers and babies are not just physically healthy but spiritually encouraged through prayer, social work mentoring, home visitations and emotional support.

Some of our services include pregnancy check ups, health education, 24 hours of labor/delivery support, newborn care, breastfeeding support, and outreach into the communities around us. Our holistic care model is brining tangible health and hope to Filipino mothers in Cebu City.

MISSION STATEMENT

Glory Reborn provides compassionate, high quality, holistic care to marginalized moms and babies of Cebu, Philippines and is saving lives, one mom and baby at a time.

VISION STATEMENT

Glory Reborn aims to birth a generation of Healthy Moms, Healthy Babies and Hopeful Hearts in Cebu, Philippines. At the very heart of Glory Reborn is the vision to build community through care, education and relationship with each individual, client and employee. Our journey with moms and babies extends beyond the clinical walls to improve the lives of generations to come.
