

Are you wondering why your child is struggling?

If you're seeing your child face challenges at home or at school, you might not know what to do next. That's why we're here to help.

Make your journey easier with Take N.O.T.E.

It's a simple step-by-step tool to help you figure out if the struggles you're seeing might be signs of a learning and thinking difference.

Step 1

N

Notice if there's something going on with your child that's out of the ordinary.

Step 2

O

Observe and keep track of patterns.

Step 3

T

Talk with other people who can help support your child, like pediatricians, teachers, and other caregivers.

Step 4

E

Engage your child to get information and explore options for what to do next.
