

Meet Andrea Roth

After 34 years in senior corporate roles in financial services, Andrea recently set herself up as a self-employed business consultant. She has always had a passion for animals and The Humane Society has been one of her charities of choice.

With more time on her hands, she's excited to offer her business expertise, energy, and enthusiasm to her board member position at the Humane Society of Kitchener Waterloo & Stratford Perth.

And most importantly, she wants to contribute to the voice our animals so desperately need.
