

# Yellow Card

## Problem with a healthcare product?

Use the MHRA Yellow Card scheme to report:

- suspected side effects from medicines, vaccines or herbal products
- safety concerns with e-cigarettes
- problems or incidents with medical devices
- unacceptable quality or defects
- fakes

Report online [mhra.gov.uk/yellowcard](https://mhra.gov.uk/yellowcard) or use the app. If you are worried about your health speak to a healthcare professional.

Every report counts. Yellow Cards help the MHRA monitor the safety of healthcare products to protect others from future harm.
