

Florida College Dry Creek Camp Online Application Instruction

Campers who will be under the age of 18 by the time camp starts, must be registered by a parent or legal guardian. **Campers who will be 18 or older by the time camp starts should register themselves.** This will require the 18 or older camper to set up his own account in Active.

If you are registering someone who was registered last year, most of the fields will already be populated with the data from last year's application. **It is very important that you check each field and update any that are not accurate. This is extremely important, and an error could deny acceptance to the Camp.**

1. Go to www.fcdrycreek.com and click on the "Apply" link. This will take you to the camp application/registration system which is hosted by a third-party company called Active Network LLC.
2. Under "Session List" you will see two sessions listed. "Florida College Dry Creek Camp" is for registering 4th through 12th grade campers. "Florida College Dry Creek Camp (3rd Grade)" is for registering 3rd graders to a waiting list. Select the appropriate session and click on the "ADD TO CART" button.
3. The session you chose should appear under "YOUR SHOPPING CART" on the right of the screen. The Quantity will say "1".

 - b. If you are registering a person who did not apply for camp last year, select "Register a new person" from the drop-down list (if there is no drop-down list, you are creating a new account and no choice is necessary). Then, complete the required information for the new camper (name, date of birth, gender, and grade).
 - c. Under "Session options", choose any additional items that you wish to purchase for that camper. If you choose to make a donation, be sure to enter the amount of the donation.
7. Click on "Continue". Repeat Step 6 for each additional camper that you are registering.
