CHOOSING GMCT

Every life should be celebrated and remembered.

At The Greater Metropolitan Cemeteries Trust, we believe in caring for your loved ones with dignity and kindness.

Each year, we help more than 12,500 families – of all cultures and faiths – plan and prepare for funeral, cremation, interment and memorial services.

We offer a variety of different memorialisation products and services to give you, your family and future generations peace of mind.

GMCT is a self-funding organisation, entrusted with caring for our 19 cemeteries and memorial parks in perpetuity - forever. We are committed to maintaining these beautiful, restful and sustainable places to preserve and protect the memories they hold. The price of the memorial chosen by you and your family contributes to lasting care of our parks.

Your choice for end of life

The product and service options outlined in this guide and are designed to provide you with choice in how you're remembered.

There are a range of choices available at different price points, spanning our 19 cemeteries and memorial parks.

The price of the position chosen by you and your family will be influenced by:

- the value of land at your chosen location
- the cost of constructing the grave, crypt or cremation memorial and surrounding infrastructure
- the cost of maintaining the cemetery in perpetuity.

Prices in this guide for administrative services, interment and cremation services, and for memorialisation products such as plaques, urns, emblems, adornments and jewellery are consistent across all GMCT cemeteries and memorial parks*.

Prices for right of interment (ROI) vary according to the cemetery location chosen. An outline of GMCT's formal process for determining prices is included at the conclusion of this guide.

KEY TERMINOLOGY

Interment

The burial or entombment of human remains or of cremated human remains.

Right of Interment (ROI)

A right of interment is a legal entitlement to inter human remains or cremated human remains in a particular grave or cremation memorial.

Holder of Right of Interment

The holder is the person or persons to whom the right of interment is granted. They are, in effect, the 'owner' of the grave or cremation memorial.

Cemetery to allocate

In some areas the right of interment is allocated next in row by the cemetery trust. Individual selection of row or plot is not available.

Tenure

The length of time (in years) that a right of interment has been granted for. Rights of interment for the interment of human remains are perpetual. Rights of interment for the interment of cremated human remains may be either perpetual or limited to 25 years.

Pre-need

The pre-purchasing of a right of interment or a service in advance of actual need (death).

At-need

The purchasing of a right of interment or a service at the time of actual need (death).

Memorial

Monument, tombstone, grave marker or headstone identifying a grave or graves. Can also refer to a nameplate, name bar or inscription identifying a crypt or niche.

CEMETERY PRODUCTS AND SERVICES

Cremated remains memorials

Rose memorial

A rose under which cremated remains can be interred.

Boulder memorial

A boulder under which cremated remains can be interred.

Scattering area

An area within the cemetery boundaries which is designated for the scattering of cremated remains.

Plaque

An inscribed plate attached to a monument or placed at a right of interment, usually made of bronze.

Columbarium

An arrangement of niches that may include an entire building, a room, a series of special indoor alcoves, a bank along a corridor or part of an outdoor garden setting.

Niche

A space in a columbarium, mausoleum or outdoor niche wall used or intended to be used for the inurnment of cremated human remains.

Memorial Tree

A tree under which cremated remains can be scattered or interred.

Living Legacy Forest Tree

Cremated remains are transformed into life-giving nourishment for a Living Legacy Forest Tree. In effect, your loved one becomes part of a living tree, creating a lasting natural memorial.

Images are indicative of products and services only.

CEMETERY PRODUCTS AND SERVICES

Above-ground (mausoleum) interment

Mausoleum

A structure, above ground, or partially above and partially below ground for interment of human remains. It may contain a combination of crypts, niches or columbaria.

Crypt

An above-ground interment space in a mausoleum.

Burial

Grave

A space of land in the cemetery used or intended to be used for the burial of human remains.

Vault

A concrete-lined grave below the ground. A fully-lined vault allows for the construction of a monument on top of the grave.

Monumental grave

A grave fully covered by a stone monument, usually crafted from granite or marble by a stonemason. The monument sits above ground on top of the grave.

Lawn grave

A grave covered with earth and re-turfed with lawn following burial. Lawn graves will usually feature a concrete beam or garden bed at the head of grave for placement of a plaque or headstone.

Natural burial

A simple, natural, sustainable and environmentally sensitive form of burial in a designated natural burial area. Natural burial interments are usually completed with the deceased person being shrouded (no coffin) and interred in an unmarked single depth grave.

Grave features

Extra depth

Graves can be prepared to varying depths to allow for the interment of multiple individuals. The standard depth for a grave is approximately 2.2m and allows for two interments.

Monument

A memorial made principally of stone that extends above the surface of the earth in upright form and bears the names of the occupants of the grave.

Headstone

A marker that is placed at the head of the grave that names the person/people interred in the allotment/grave.

Renovation

Work undertaken to modify, repair or alter an existing monument.

Ledger

A solid covering, generally of stone, lying either on top or within the monument edges. A ledger is removed and replaced after interment.

Foundation

Foundations are engineered footings that provide a stable platform for a monument to be built. They may be common foundations (built by the trust) or individual foundations (built by a stonemason).

Desktop

A desktop is a form of memorial base for the placement of a plaque. A recumbent desktop places the plaque on a slightly elevated angle, lower at the front and higher at the back.

Chip top

A cement preparation spread over the top of a grave and allowed to set, often with a pebbled finish. Commonly used from the 1940s to 1960s. The chip top is removed for interment and must be reset by a stonemason.

Images are indicative of products and services only.

PRE-NEED PRODUCTS AND SERVICES

Pre-planning a funeral is the best way to secure your wishes and provide peace of mind for yourself and your family.

GMCT offers a range of products and services that can be pre-purchased at today's prices. This provides financial certainty when a death occurs and ensures that you and your family can have the service, burial or cremation of your choice.

The following products and services can be pre-paid directly with GMCT¹.

- ✓ right of interment (grave position)²
- ✓ cremation without chapel
- ✓ cremation with chapel
- ✓ chapel hire
- ✓ interment lawn
- ✓ interment monumental
- ✓ interment mausoleum
- ✓ interment vault
- ✓ interment cremated remains
- ✓ ledger removal
- ✓ extra depth digging

The following services and products cannot be pre-paid.

- ✗ additional cremation services (such as 24-hour collection, witnessing of cremation)
- ✗ additional interment services (such as lift and re-position, exhumation)
- ✗ out-of-standard hours fee
- ✗ food and beverage services
- ✗ floristry services
- ✗ plaques
- ✗ memorial permits

¹ Please note that not all services are available at all sites. Please confirm with GMCT customer care staff to ensure availability.

² GMCT reserves the right to limit pre-need sales of rights of interment to ensure stock levels are available for at-need clients or where burial areas are nearing capacity.

³ Terms and conditions apply and are subject to change.

A quick summary of GMCT flexible payment plans

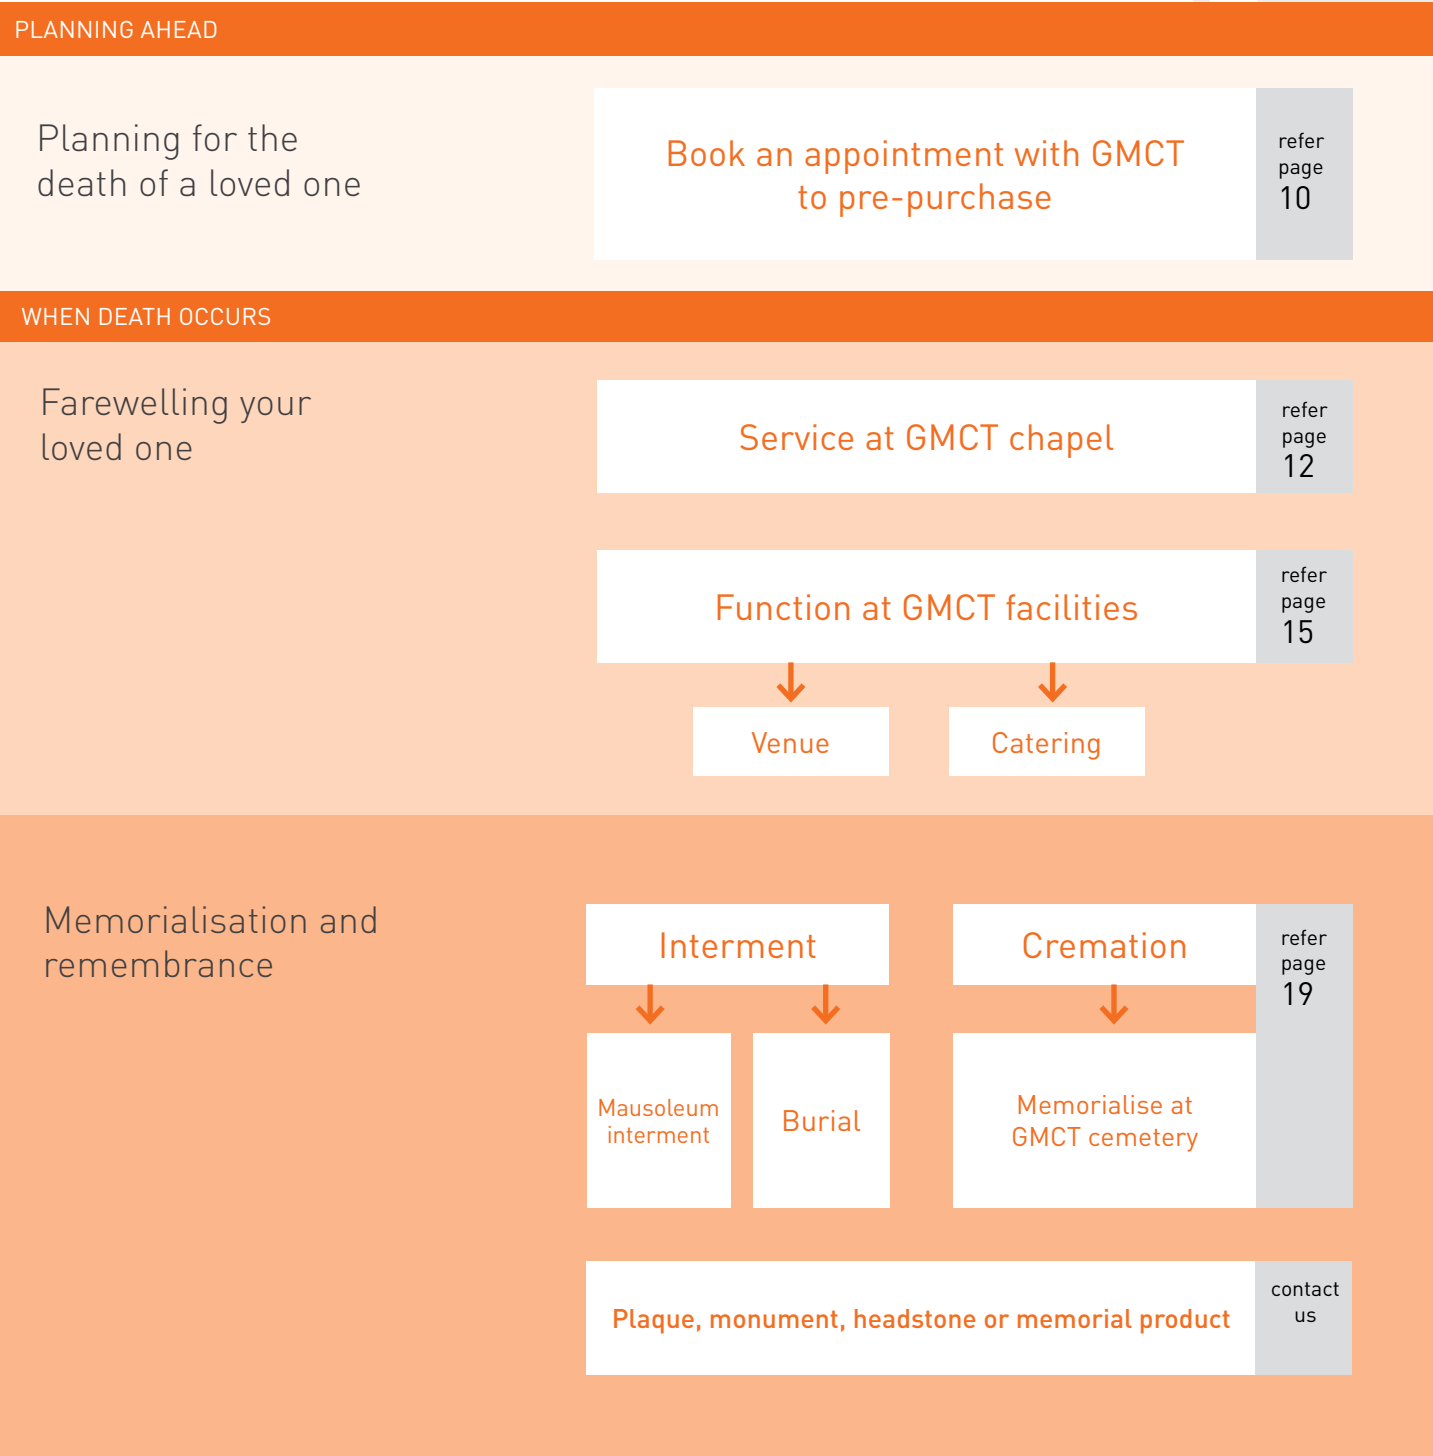

GMCT offers flexible payment plans available for the pre-purchase of all GMCT goods and services. Terms of 6, 12, 24 and 36 months are available. The terms are based on total spend.

TERM	PRICE BAND	DEPOSIT
6 months	\$5,001 - \$15,000	15%
12 months	\$15,001 - \$25,000	20%
24 months	\$25,001 - \$75,000	25%
36 months	\$75,001 +	30%

- no interest for the life of plan
- flat rate establishment fee \$195
- deposit required upon execution of the payment plan
- secure a right of interment at today's price – avoid the annual CPI price increases
- no products and services will be provided until the total amount has been paid in full
- cancellation fees may apply
- monthly payments by direct deposit.³

PRE-PLANNING PROCESS

Before you book an appointment, visit our website at www.gmct.com.au for in-depth information on our products and services available for pre-purchase.

Preston Mausoleum

Private family mausoleum alcoves - suitable for up to 24 interments

	Perpetual tenure	25-year tenure
Stage 3 ground floor - imperial black granite	\$ 784,400	na
Stage 3 first floor - imperial black granite	\$ 834,574	na

A private family alcove with the Preston Mausoleum offers all the prestige and privacy of a standalone family mausoleum at a fraction of the cost.

Set within the grand public mausoleum, these exclusive, gated wings provide an opportunity for families to personalise their own private sanctuaries for generations to come. The purchase price includes up to \$50,000 of decoration, allowing families to personalise by choosing their own statuary, ornamentation and furniture.

Set within the public mausoleum, the cost of maintaining and managing these alcoves is included in the purchase price, with no ongoing maintenance fees payable to GMCT.

Second inspection	\$	105

All monumental stonemasons must be registered with The Greater Metropolitan Cemeteries Trust prior to lodging work requests and will need to obtain a permit prior to commencing work at any GMCT site. Any person or corporation may apply for registration to provide stone masonry services, which will be granted provided they can supply the required documentation and insurance and demonstrate their competency.

A full list of registered stonemasons is available here: www.gmct.com.au/resources/stonemasons/

GMCT does not warranty or otherwise guarantee the quantity of workmanship. GMCT recommends that multiple quotes are sought before engaging a stonemason.

TENURE PROGRAM

GMCT's tenure program is an important part of our organisation's commitment to sustainability.

Over the history of GMCT's 19 cemeteries and memorial parks, many graves have been purchased ahead of time, but never used. This may be because the owner has moved overseas or interstate, or has chosen a burial site elsewhere. There are also instances where the owner of the grave has passed away and their family made other arrangements, unaware the deceased had pre-purchased a plot.

GMCT's tenure program is designed to ensure these unused plots can again be made available for community use.

When does the tenure process apply to my pre-purchased plot?

Two conditions must be met for a pre-purchased burial plot to be identified as part of the tenure program:

- the grave must have been purchased at least 25 years ago
- the grave must be unused, with no interment having taken place.

It is important to note that once a burial has taken place in a grave, it is 'vested in perpetuity', meaning that it will never be subject to the tenure process.

What is involved in the tenure process?

The tenure process is governed by the *Cemeteries and Crematoria Act 2003*, s.91 and several steps have defined time periods which must be adhered to. These specify the amount of days the individual has to respond to GMCT's notices and/or letters.

Where a burial plot meets the conditions identified above, GMCT must attempt to contact the owner of the plot. Where the owner cannot be contacted, a public notice must be published in a daily newspaper.

If contact cannot be re-established after these steps have been taken, then the cemetery has the right, according to the Act, to cancel the right of interment and make the grave available for resale.

What should I do if my plot is identified as part of the above process?

Contact us as soon as possible to update your contact details and advise GMCT of your wishes in relation to the grave.

We encourage all Right of Interment (ROI) holders to contact us directly to ensure we have their current details on record. This will assist us should we need to make contact regarding issues relating to their Right of Interment.

What happens if I don't want/need the plot anymore or if my plot is cancelled and resold?

Contact us as soon as possible. GMCT will honour all previously purchased rights of interment and allocate an equivalent grave to the registered owner or provide a refund to the owner of the grave based on the current price less the scheduled maintenance fee.

For more information about GMCT's tenure program, please contact our customer care team on 1300 022 298.

PRICING INFORMATION

Legislation

Fee Setting

All prices in this list are set in accordance with requirements under the *Cemeteries and Crematoria Act 2003* (VIC) ('the Act').

In setting fees, GMCT must have regard to the following legislative requirements in accordance with section 39(2) of the Act:

- (a) The costs of operating and managing the public cemetery
- (b) The need to provide for the maintenance of the cemetery in perpetuity.

All prices listed are required to be, and have been approved by the Secretary of the Department of Health and Human Services and published in the Victorian Government Gazette as prescribed by the Act.

A copy of the Act is available online at:
<http://www.gmct.com.au/resources/legislation>

Fee Waiver or Reduction

In accordance with section 44 of the Act, fees MUST not ordinarily be waived or reduced that would otherwise be payable to GMCT. Situations of extreme financial hardship or special circumstance may be considered by GMCT in accordance with the Act.

Fee Refunds

Where a refund relates to a pre-purchased grave or memorial position (Right of Interment) the value of the refund is calculated in accordance with section 82(2) of the Act:

- (a) "the cemetery trust must pay to the holder a refund based on the current cemetery trust fee payable for the same type of right of interment less the relevant cemetery trust fee for administration and any maintenance costs."

The administration fee is gazetted in accordance with the Act. The weighted scale for maintenance is a sliding scale set by the Department of Health and Human Services, Cemeteries and Crematoria regulation unit. The scale is a % of the current fee where the % value increases for each year the Right of Interment is held. This value is capped at 45% for 25 years or greater.

Weighted scale for the surrender of a right interment

Year	Maintenance charge	Year	Maintenance charge
1	3.00%	14	25.75%
2	4.75%	15	27.50%
3	6.50%	16	29.25%

8	15.25%	21	38.00%
9	17.00%	22	39.75%
10	18.75%	23	41.50%
11	20.50%	24	43.25%
12	22.25%	25	45.00%
13	24.00%		

ABOUT GMCT

At The Greater Metropolitan Cemeteries Trust we believe in caring for your loved ones with dignity and kindness. Our 19 cemeteries and memorial parks are maintained in perpetuity, giving you, your family and future generations peace of mind. Each year, we help more than 12,500 families -- of all cultures and faiths -- plan and prepare for funeral, cremation, interment and memorial services.

We are committed to maintaining these beautiful, restful and sustainable places to preserve and protect the memories and history they hold.
