Creating a prime Alpine destination

Andermatt Swiss Alps AG is transforming the beautiful Swiss Alpine village of Andermatt into a fully integrated leading year-round destination.

As a result of the project today, as well as the finest new Alpine homes, Andermatt boasts the largest and most modern ski area in central Switzerland, a multi-award-winning championship golf course, a stunning concert hall and the world-renowned Chedi and Radisson Blu hotels.

The Miracle of Andermatt

The 18-hole Andermatt Golf Course is situated at an altitude of 1500 meters above sea level. The backdrop is high alpine, while the course itself is largely flat, except for holes 3 and 4 where it climbs up the slope. Of the remaining 16 holes, 5 are at neutral heights, while 11 offer elevated tees, providing an inviting view of the lower fairway or green.

Playing downhill not only adds to the enjoyment but also adds more distance to shots, thanks to the reduced air resistance due to the altitude.

Andermatt Golf Course

Pure Alpine Golf

The 18-hole, Par 72 Championship Golf Course is nestled in the Alpine mountain landscape of the Ursern Valley. This is golf in its purest form. At Andermatt Golf Course, sport and nature harmonize seamlessly.

Repeatedly awarded as the “best golf course in Switzerland,” environmentally certified, and a member of the quality community “Leading Golf Courses of Switzerland”: Andermatt Golf Course sets new standards in the Swiss golfing world.

Sustainability

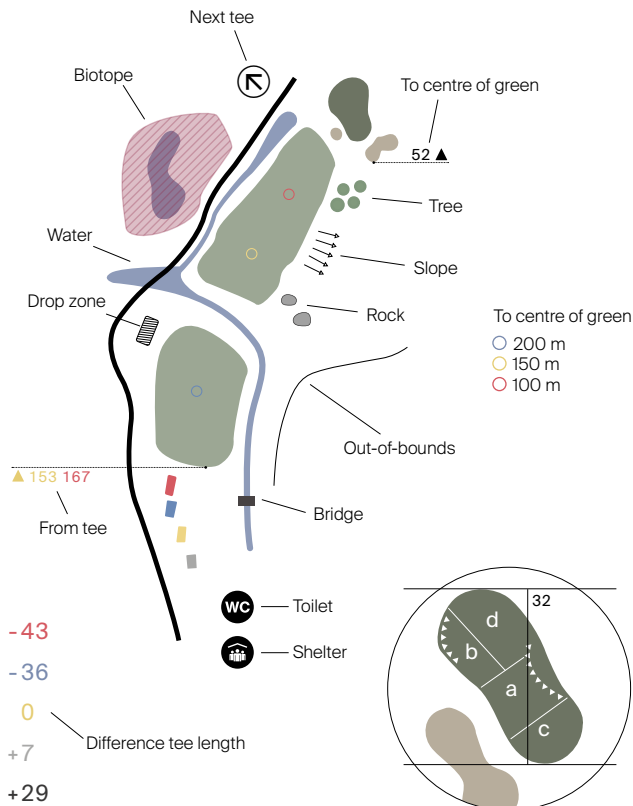

GEO certified

As one of the first golf courses in Switzerland, Andermatt Golf Course was certified by the Golf Environmental Organisation (GEO) in 2020, and in 2023, it successfully confirmed its high level of sustainability in the operation and maintenance of the facility through a successful recertification.

Annual monitoring conducted to observe the development of flora and fauna populations attest to the golf facility’s fascinating biodiversity.

Golfclub Andermatt Realp

The impressive 9-hole Realp Golf Course is arguably the “most Alpine golf course in the world” and home to the Andermatt Realp Golf Club. Founded in 1995, the golf club has around 400 members and, since the opening of the Andermatt Golf Course, has offered a 27-hole Andermatt Realp membership in addition to the 9-hole Realp membership.
