V-Tech Solutions, Inc., Awarded DC’s Office of State Superintendent of Education Nursing Contract

Washington, DC- V-Tech Solutions, Inc. has secured a contract with the District of Columbia's Office of the State Superintendent of Education (OSSE) to provide nursing services to the Division of Student Transportation (DOT). We will provide OSSE-DOT with licensed District of Columbia nurses and LPNs. They will be responsible for assisting students with disabilities or other related conditions as identified in their Individualized Education Plan (IEP) during transport. The objective for OSSE’s transportation team is to “provide safe, reliable, and efficient transportation services that positively support learning opportunities for eligible students from the District of Columbia.”

As V-Tech pivots its business capabilities to increase its health-related offerings, we are excited to work with OSSE-DOT and see this opportunity as a great addition to our health portfolio. “Working with OSSE in this new capacity is very rewarding,” stated V-Tech Solutions, Inc. President and CEO, Victor P. Holt. He shared that his dad retired from DCPS DOT where he transported and supported students with disabilities every day. Mr. Holt sees this as a way to give back to the District’s school system that cultivated him to become the leader that he is today while honoring his father's legacy as a former DCPS DOT employee.

###
