About the Creator

Ted McGrath, a certified master woodworker and the creator of Ted's Woodworking, brings more than 25 years of hands-on experience to the program.

As an accomplished trainer, author, and member of the Architectural Woodwork Institute (AWI), Ted recognized that many existing woodworking resources were incomplete, overly complicated, or required expensive tools that beginners often did not have.

Motivated by a desire to create a practical, user-friendly solution, he developed Ted's Woodworking to offer clear, step-by-step plans and guidance for users of all skill levels.

Ted's expertise ensures that every project plan is accurate, efficient, and designed for success.

His comprehensive approach combines professional knowledge with a deep understanding of the challenges beginners face, making woodworking accessible and enjoyable.

By incorporating detailed schematics, material lists, and instructional videos, Ted has created a program that not only teaches techniques but also empowers users to achieve professional results.

Ted's Woodworking reflects his commitment to quality, efficiency, and creativity in woodworking.

Why Choose Ted's Woodworking?

Choosing Ted's Woodworking ensures access to one of the most extensive collections of woodworking plans available today.

With over 16,000 detailed project plans, the program offers unmatched variety, catering to both simple and complex woodworking projects.

The step-by-step instructions, cutting lists, and schematics remove guesswork, making it easier to complete projects with precision.

The program is suitable for all skill levels, ensuring beginners can confidently start woodworking while advanced users can refine and expand their skills.

Multi-device access and offline options via DVD or USB make the program convenient and flexible, allowing users to work wherever they choose.

Additionally, Ted's Woodworking provides lifetime access to monthly updates, ensuring the library remains current and relevant.

The program's additional resources, including instructional videos and personalized support for custom plans, further enhance its value.

By offering comprehensive guidance, reducing material waste, and saving time, Ted's Woodworking presents a reliable and efficient solution for anyone serious about woodworking.
