IMPACT & PERFORMANCE

- High quality and comprehensive sustainability profile assessment.
- Strategic view of the issuer, how it relates to sustainability, and how sustainability is embedded into the issuer's business activities and strategy.
- Evaluates the entity activities from an environmental and social perspective, as well as the quality of governance.
- Covers policies, procedures, outcomes, and business activities.

TRANSPARENCY & COMPARABILITY

We apply a robust and transparent methodology resulting in credible and comparable ratings.

COVERAGE

By the end of 2022, Sustainable Fitch will provide ESG Entity Ratings on 500+ companies.

CREDIBILITY

Anyone can come up with a number, but how valuable and credible is that number? Sustainable Fitch brings experience, heritage, credibility and sector specialism powered by the human insight that has differentiated Fitch for over 100 years to each opinion it provides.

PURPOSE

An ESG Entity Rating from Sustainable Fitch is a powerful statement of the company's commitment to ESG, providing validation of the company or entity's achievements, aspirations and progress in the area of sustainability or efforts to transition.

VALUE

ESG Entity Ratings provide value to both equity and debt investors. In addition, these ratings are available to be leveraged as a risk management tool and for supply chain and counterparty purposes. ESG Entity Ratings can be for all companies, big and small, listed and private.
