

Type of cultivation:

Type	indoor	greenhouse	outdoor
------	--------	------------	---------

Capacity:

Quantity of generative rooms	
Cultivation surface in m2	
Quantity plants / m2	
Quantity plants / cycle	
Yield per Watt (moist weight)	

Substrate:

For cuttings	
For vegetative phase	
For generative phase	

Cycle time:

Rooting of cuttings	
Vegetative phase	
Generative phase	
Quantity of cycles	

Watering system:

Type	top feed	eb & flow	drain to waste
------	----------	-----------	----------------

Lighting source:

For cuttings	HPS	Plasma	LED
In vegetative phase	HPS	Plasma	LED
In generative phase	HPS	Plasma	LED

Design:

Type	tables	gutters	other:
------	--------	---------	--------

Fertilizer:

Type	mineral	organic	
Variety	liquid	powder	granules

CO2:

Supplemental CO2	yes	no
Amount in ppm
