X Contains the allergen.

Δ May contain the allergen. There are products containing wheat, soy, milk, egg and gluten in our restaurants where cross contact may occur during food preparation and storage. If you have a food allergy to any of the ingredients prepared or served in our restaurants, please keep this in mind when deciding which Qdoba products are right for you.

Soybean Oil - The FDA exempts highly refined soybean oil from being labeled as an allergen. Studies show most individuals with a soy allergy can safely eat soy oil that has been highly refined (not cold-pressed, expeller-pressed or extruded soybean oil). If you are allergic to soy, ask your doctor whether or not you should avoid soy oil.
