

Committed to Craftsmanship

Stellar Works stands for a renaissance of refined culture and Asian aesthetics.

Inspired by the long-standing craft and industry of traditional cultures, it represents a commitment to bridging the gap between old and new, east and west – in attitude, form and application.

Stellar Works seeks to reintroduce past collections of classics, alongside culturally-inspired contemporary signatures. It infuses freshness into heritage and grounds innovation with enduring craftsmanship.

Taking traditional French furniture styles and applying the sleek simplicity of Japanese and Scandinavian aesthetics, the Laval collection is the result of a collaboration with OEO Studio from Denmark.

By updating the elegant forms of yesteryear with modern materials and contemporary concepts of comfort, Laval offers a range of distinctive deco-inspired pieces with a refined contemporary look.
