

THE RESULTS ARE IN!

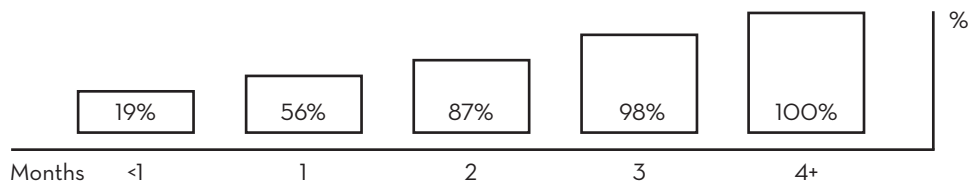

9 out of 10 people recommend Daily Cleanse.*

Daily Cleanse is a crucial part of any skin care routine. A vast majority of consumers reported better skin, with 80% reporting less breakouts and clearer skin.

Not only does Daily Cleanse clear skin but 43% of consumers reported improved self confidence. Another 44% reported leading a healthier lifestyle after taking Daily Cleanse.

When did customers reporting results see them?

87% reported positive results after 2 months. A small percentage of consumers (7%) experienced temporary breakouts that lasted less than two weeks.

Most customers bought Daily Cleanse to help with acne (hormonal & non-hormonal), breakouts, and blackheads/whiteheads.

Before

After

Testimonial: I never thought in a million years I would post a close up of my acne but I have to share the amazing effects of using HUM Nutrition Daily Cleanse! I no longer get those nasty deep pimples that would last for weeks and scar for even longer. My skin looks the best it has since before I was a teenager.

Thank you so much!
