Diversity Statement

MFEXbyEuroclear strives to embrace diversity. We foster an inclusive environment, in which each of our teammates has equal access and is recognised for his contributions.

We value our differences as a positive contribution to our organisation. We encourage internal discussions of diversity, and promote this value externally.

We believe that differences enrich the firm as a whole, and its participants individually.

MFEX Mutual Funds Exchange AB is a Swedish registered limited company and licensed under the Finansinspektionen.
