QUICK START GUIDE

For a full explanation of all features and instructions, please refer to the User's Guide.

1. Setting up your Digital Audio Baby Monitor with LCD Display

A. Baby unit power supply

Insert the small plug of the power adapter into the side of the baby unit, as shown. Connect the other end of the power adapter to the mains socket / power outlet.

B. Parent unit battery installation

Turn the belt clip so that it is in the hanging position.

Slide off the battery compartment cover.

Insert the supplied rechargeable batteries, and fit the battery pack into the compartment, as shown.

Reattach the battery compartment cover.

Insert the small plug of the power adapter into the side of the parent unit. Connect the other end of the power adapter to the mains socket / power outlet.

The Charging Indicator comes on.

C. Belt clip on parent unit and baby unit

The parent and baby units come with belt clip mode.

You can convert into support stand mode by lifting up the belt clip and rotating by half turn.

2. Basic operation of the keys
