

USB Heated Seat Cushion

CARE & USE INSTRUCTIONS

Features and Functions

- Soothing heat relaxes and refreshes.
- 5V heating element warms the cushion to a comfortable temperature.
- All-season comfort reversible for personalized comfort.
- Portable Design for use in cars, at home or in the office. Heating requires a USB power source.

Maintenance

To Store Cushion:

Unplug the cushion and allow it to cool down to room temperature. Place the cushion in its box or in a clean, dry, cool place. Avoid contact with sharp edges or pointed objects, which might cut or puncture fabric surface. Return the power cord to the built-in storage pocket when not in use. Do not wrap the USB power cord around the unit.

To Clean Cushion:

Unplug the cushion and let it cool down before cleaning. Clean the cushion only with a soft, slightly damp cloth. Never use abrasive cleaners, brushes, gasoline, kerosene, glass/furniture polish or paint thinner to clean. **Do not machine wash. Do not dry clean. Do not immerse in any liquid to clean.**

In the event of malfunction, do not attempt to repair the cushion.

Operation

Heating (Microfiber Plush side)

- Plug the cushion into any 5V power source using the USB cord provided.
- Place the cushion flat onto your seat with plush side facing up.
- Cushion will heat to a comfortable temperature within 5-10 minutes. Maximum temperature is 62 degrees Celsius (143 degrees Fahrenheit).

Comfort

- Place the cushion flat on your seat.
- Enjoy the soothing heat.

Caution

- Only use this product in a seated position.
- Do not use this product in bed or while sleeping.
- Do not use any blanket when using this product.
- Do not use this product if you are physically or mentally incapacitated.
- Do not leave this product plugged in when unattended.
- Failure to follow warnings may cause malfunction and/or serious personal and/or property damage.

Warning

- This is not a toy. Keep away from children.
- This is not a floatation device.
- Use only as a comfort cushion.
- Do not apply excessive force or pressure to cushion to avoid tearing seams or fabric.
- If cushion bursts and releases inner material, avoid contact with eyes, nose, mouth and ears. Contents are not hazardous.
- Never leave plugged into 5V power source for extended periods of time. It may continuously draw power and drain the battery.
- Always unplug USB cord before leaving vehicle.
- Never use the cushion when you are wet or wearing wet clothes.
- Never use the cushion near any water source such as bathtubs or swimming pools.
- If the cushion gets wet, dry thoroughly before using.
- Do not use the cushion near open flame or burning cigarettes.
