

# Wetsuit Seat Cover with Dri-Lock technology

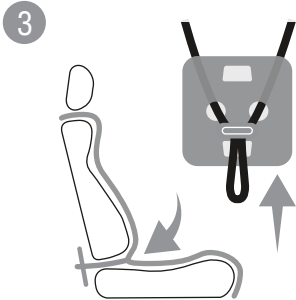

## Easy Slip-On User Guide

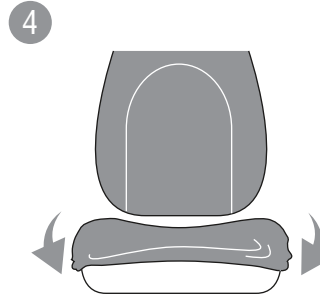

Align the seat cover with the side airbag label on the same side as your seat's side air bag.

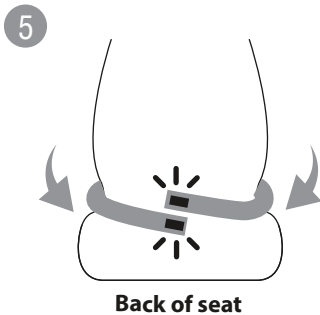

Open headrest opening at top of seat cover and carefully slide over headrest

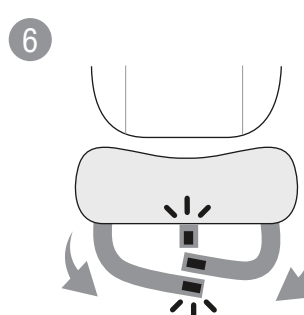

Tuck adjustable stopper disc into seat gap

Fit bottom of seat cover to seat

Attach elastics straps on side and bottom behind seat

Attach side elastic straps in front of seat. Connect strap at center of seat to back of joined straps to secure front of cover.
