illimity Bank S.p.A.

illimity is the high-tech banking group founded and headed by Corrado Passera that was created with the aim of responding to specific market needs by way of an innovative and specialist business model. More specifically, illimity extends financing to high-potential SMEs, purchases distressed corporate loans and services these through its platform, neprix, and provides digital direct banking services through illimitybank.com. illimity SGR, which sets up and manages alternative investment funds, the first of which dedicated to UTP loans, is also a member of the illimity Group. The story of illimity began in January 2018 with the launch of the special purpose acquisition company SPAXS S.p.A., which ended with a record 600 million euro being raised on the market. SPAXS subsequently acquired Banca Interprovinciale S.p.A., with the resulting merger between the two giving rise to “illimity Bank S.p.A.” which has been listed on the Italian Stock Exchange since 5 March 2019 (ticker “ILTY”), first on the MTA exchange and since September 2020 on the Star segment. The banking group, headquartered in Milan, can already count on over 600 employees and ended 2020 with assets exceeding 4 billion euro.
