Consolidated income	13,127	18,055	-27.3%
Earnings per share (€)	0.37	0.51	-27.5%

1 The growth in revenue from sales of inventory properties was essentially driven by the **booming demand for residential real estate**.

2 **Earnings before interest & tax increased** due to higher rental income after increasing investment properties and strong sales margin.

3 The **net interest result** of 12M 2021 is impacted by the issuance of a € 100m bond in Q1 2021 and lower interest income

Equity ratio	28.0%	28.7%	-70 bps

1

The increase of **non-current assets** is linked to the purchase of larger investment property portfolios.

2

The increase of **non-current liabilities** is mainly caused by the placement of a new bond in Q1 2021 of € 100m.

3

Slightly improved LTV and stable equity ratio

*based on the definition specified in the terms of the 2020/2023 bond (net financial debt relative to the adjusted total asset value)

Diversified financing structure & active liability management

Funding strategy

- **Diversified financing structure** with a **broad range** of financing banks, institutional investors and other financing partners involved.
- **Balanced mix** of secured and unsecured financing.
- Active liability management: Corporate bond 2020-2023 **over 250m €** with a **coupon of 3.625%** successfully placed in Q1 2020, combined with buyback of existing 3.750% 2018-2021 bond.
- Additional corporate bond 2021-2026 **over 100m €** with a **coupon of 4.125% successfully placed** in in Q1 2021.
- **Maturity congruent financing** of investments while maintaining low interest rates.

Strong privatisation business despite Covid-19 pandemic

Slight impact caused by Covid-19 were overcome

- The average single unit sales throughout the last years forms a strong **track record**, enabling **further growth for ACCENTRO**.
- Even though the Covid-19 pandemic caused an intermittent uncertainty in throughout 2020 and 2021, the **demand for condominiums** as well as the **willingness to invest** has **strongly increased** within the following periods.
- This led to a **greater interest** in our products from our customers and helped us achieve **sustainable high sales levels record results** since Q4/2020.
- Units sold in Q3 2021 represent the **highest levels since 2015**

Strong sales activity in 2021

- In line with growing unit sales since Q4 2020 the notarized **transaction volume increased steadily** as well.
- Although pandemic-related constraints might occur again towards the end of this year, it has become **much easier** for us to **predict the potential repercussions** for our business performance than was the case one year ago.
- We assume that the German housing market will maintain its **robust performance** because of its **upward trend**, its apparently low-level correlation with the Covid-19 pandemic, and the favourable fundamentals.

Typical project

Implementation period of approx. 2-3 years

ACCENTRO's typical privatisation structure includes **four implementation stages**.

Typically beginning with the **acquisition process** in stage one. Before the project reaches **the last stage of being sold on the market** by the way of **single-unit-sale** to **private individuals** or **blocksale** to institutional investors it undergoes a **strategic repositioning** (i.e. questioning customer alignment, letting or selling strategies) as well as the following upgrade stage to realise the previous set strategic focus.

The total process typically goes on for about **two to three years**, depending on the size of the project, the administration in the background and the extent of the required upgrade measures.

Single-Unit-Sale

to private individuals

Blocksale

to institutional investors

Excellent market access and a wide range of offerings

Eligible Types of Investment Assets

- Housing companies
- Residential property portfolios with low share of commercial units
- Multi-family dwellings and housing estates
- Condominium packages

Locations

- Home location: Berlin and greater metro region
- Germany-wide: Cities with populations of 100,000 or more and positive demographic growth

Property Criteria

- Properties with value-add potential (vacancy, modernization potential, rent upside, new building potential, extension of buildings)
- Properties in well-maintained condition without serious refurbishment / modernization / redevelopment needs
- Subsidized housing acceptable

(Figures for FY 2020)

LOI-Rate
2%

Investment Volume

- 50 residential units or more
- Asset deals & share deals

Positive track record in condominium sales to retail investors

Strong Performance in 2021

- **Strong business development** in 2021, after an already robust FY 2020 despite Covid-19 pandemic with only slightly lower unit sales
- Revenues in 2021 by far **exceeded level of 2020** due to high demand, product mix and generally further rising market prices
- Strong demand from buy-to-let investors

356m €

Expected transaction value of a strong and lawfully partitioned pipeline being already in sales process or under preparation for sales (as per 31 Dec 2021)

Acquisition of attractive portfolios

Recent acquisitions following
a different strategic approach:

Continuous expansion of investment property portfolio

Focus on B- and C-locations in
densely populated metropolitan
regions and **attractive rental yields**

Steady growth of rental income
leading to **increased recurring**
cash flow

West Portfolio

- Essen + Duisburg (Rhein-Ruhr, **important German metropolitan region with c. 10m inhabitants**)
- 401 units
- Well developed portfolios with low vacancy

East Portfolio

- Halle, Gera etc. (**Key Eastern German cities and metropolitan areas**)
- 3,073 units
- Turnaround portfolios with strong rental potential through midterm vacancy reduction

Conversion prohibition of rental flats into condominiums in 'strained housing markets' ("Aufteilungsverbot")

- In fact, this means prohibiting the **conversion of rental apartments into condominiums** as a business model in areas with a **tight housing market**.
- However, the **conversion prohibition** has the following restrictions:
On the one hand, the prohibition of conversion is initially **only valid until the end of 2025** and can make use of the obligation to **obtain a permit by statutory order**. This means that the federal states do **not have to implement the conversion ban**.
- Formally, the **conversion is not prohibited**, but in areas with **tight housing markets** it **requires a permit**. The permit must be granted if:
 - The land belongs to an estate and ownership is to be established in **favour of co-heirs**
 - The property is to be **sold to family members** for their **own use**
 - The residential property is to be **sold for own use** to at least **two thirds of the tenants**
 - Claims of **third parties** arising from the land register for the transfer of residential property **cannot be fulfilled without the approval**
 - Even taking into account the general public interest, it is no **longer reasonable** to refrain from establishing **condominium ownership** or **partial ownership**.
- The housing industry has **strongly criticized** the announced **conversion ban** and sees restrictions in the **freedom of ownership**
- Current status:
 - At the beginning of November, the Federal Cabinet passed the **Building Land Mobilization Act** together with the **ban on conversion**
 - The law has been **passed by the parliament on 7 May 2021**

ACCENTRO's status quo and strategy

- ACCENTRO's units in the privatisation business with an aggregate expected **sales volume of around 500m €** are already lawfully partitioned. This provides the company with **high visibility of revenues** for the upcoming years.
- ACCENTRO focusses to continually **diversify its regional investments**.
- ACCENTRO holds on to its **flexible sales strategy**, including **single unit sales** as well as **block sales** to institutional investors.
- The **growth of proprietary real estate stock** with value enhancing Capex provides **rental growth** and **flexible exit strategy** or maintaining the stock on ACCENTRO's balance sheet long-term (see recent **acquisition of 2,800 units**).

This document is not a securities prospectus, and the information contained therein does not constitute an offer to sell, or a solicitation of an offer to buy, securities of ACCENTRO in the Federal Republic of Germany or in any other country, specifically not if such an offer or solicitation is prohibited or not approved.

This document was prepared exclusively by ACCENTRO Real Estate AG (**“ACCENTRO”**) solely for informational purposes and has not been independently verified and no representation or warranty, express or implied, is made or given by or on behalf of ACCENTRO. Nothing in this document is, or should be relied upon as, a promise or representation as to the future.

This document contains forward-looking statements based on current estimates and assumptions made by the senior management of ACCENTRO. Forward-looking statements are characterised by the use of words such as “expect,” “intend,” “plan,” “predict,” “assume,” “believe,” “estimate,” “anticipate” and similar forward-looking phrases. Such statements are not to be understood as guarantee that predictions of this sort will prove to be correct. In particular, any statements on acquisitions presuppose the actual signing of the necessary contracts or the successful procurement of the necessary equity and debt capital. The future development and actual results achieved by ACCENTRO and its affiliates are subject to a number of risks and uncertainties, and may therefore differ materially from these forward-looking statements. Many of these factors are beyond ACCENTRO’s control and cannot be accurately appraised in advance, including the future economic environment or the actions of competitors and other market players. ACCENTRO does not intend to update its forward-looking statements. Neither ACCENTRO nor any of its respective directors, officers, employees, advisors, or any other person is under any obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. You should not place undue reliance on forward-looking statements, which speak of the date of this document. Statements contained in this document regarding past trends or events should not be taken as a representation that such trends or events will continue in the future. No obligation is assumed to update any forward-looking statements.

This document contains certain financial measures (including forward-looking measures) that are not calculated in accordance with IFRS and are therefore considered "non-IFRS financial measures". Such non-IFRS financial measures used by ACCENTRO are presented to enhance an understanding of ACCENTRO’s results of operations, financial position or cash flows calculated in accordance with IFRS, but not to replace such financial information. A number of these non-IFRS financial measures are also commonly used by securities analysts, credit rating agencies and investors to evaluate and compare the periodic and future operating performance and value of other companies with which ACCENTRO competes. These non-IFRS financial measures should not be considered in isolation as a measure of ACCENTRO’s profitability or liquidity, and should be considered in addition to, rather than as a substitute for, net income and the other income or cash flow data prepared in accordance with IFRS. In particular, there are material limitations associated with the use of non-IFRS financial measures, including the limitations inherent in determination of each of the relevant adjustments. The non-IFRS financial measures used by ACCENTRO may differ from, and not be comparable to, similarly-titled measures used by other companies. Certain numerical data, financial information and market data (including percentages) in this document have been rounded according to established commercial standards. Furthermore, in tables and charts, these rounded figures may not add up exactly to the totals contained in the respective tables and charts.

Accordingly, neither ACCENTRO nor any of its directors, officers, employees or advisors, nor any other person makes any representation or warranty, express or implied, as to, and accordingly no reliance should be placed on, the fairness, accuracy or completeness of the information contained in the document or of the views given or implied. Neither ACCENTRO nor any of its respective directors, officers, employees or advisors nor any other person shall have any liability whatsoever for any errors or omissions or any loss howsoever arising, directly or indirectly, from any use of this information or its contents or otherwise arising in connection there-with. It should be noted that certain financial information relating to ACCENTRO contained in this document has not been audited and in some cases is based on management information and estimates.

This document is intended to provide a general overview of ACCENTRO’ business and does not purport to include all aspects and details regarding ACCENTRO. This document is furnished solely for your information, should not be treated as giving investment advice and may not be printed or otherwise copied or distributed. Subject to limited exceptions described below, the information contained in this document is not to be viewed from nor for publication or distribution in nor taken or transmitted into the United States of America (**“United States”**), Australia, Canada or Japan and does not constitute an offer of securities for sale in any of these jurisdictions. Any securities offered by ACCENTRO have not been, and will not be, registered under the U.S. Securities Act of 1933, as amended (the **“Securities Act”**), or the securities laws of any state or other jurisdiction of the United States and such securities may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state or local securities laws. This document does not contain or constitute an offer of, or the solicitation of an offer to buy or subscribe for, securities to any person or in any jurisdiction to whom or in which such offer or solicitation is unlawful.

The information contained in this document may not be distributed outside the Federal Republic of Germany, specifically not in the United States of America, to US persons (as defined in Regulation S under the United States Securities Act of 1933) or to publications with a general circulation in the United States, unless such distribution outside the Federal Republic of Germany is prescribed by mandatory provisions of applicable law. Any violation of these restrictions may constitute a breach of the securities laws of certain countries, in particular those of the United States of America. Securities of ACCENTRO are not publicly offered for sale outside the Federal Republic of Germany.

By receiving this document, you agree to be bound by the foregoing limitations. Any failure to comply with these restrictions may constitute a violation of applicable securities laws. This document does not constitute investment, legal, accounting, regulatory, taxation or other advice.
