Persistent challenging market environment

Macroeconomic environment

- Inflation rate in Germany at 6.4% in June 2023
 - Slight decline since December 2022 (8.6%), but still on a high level
- Monetary policy remains tight, further interest rate increases are likely
 - ECB key interest rate increased to 4.25% (+175 bps since the beginning of the year)
 - Mortgage rates stay at a level of around 4% in H1 2023

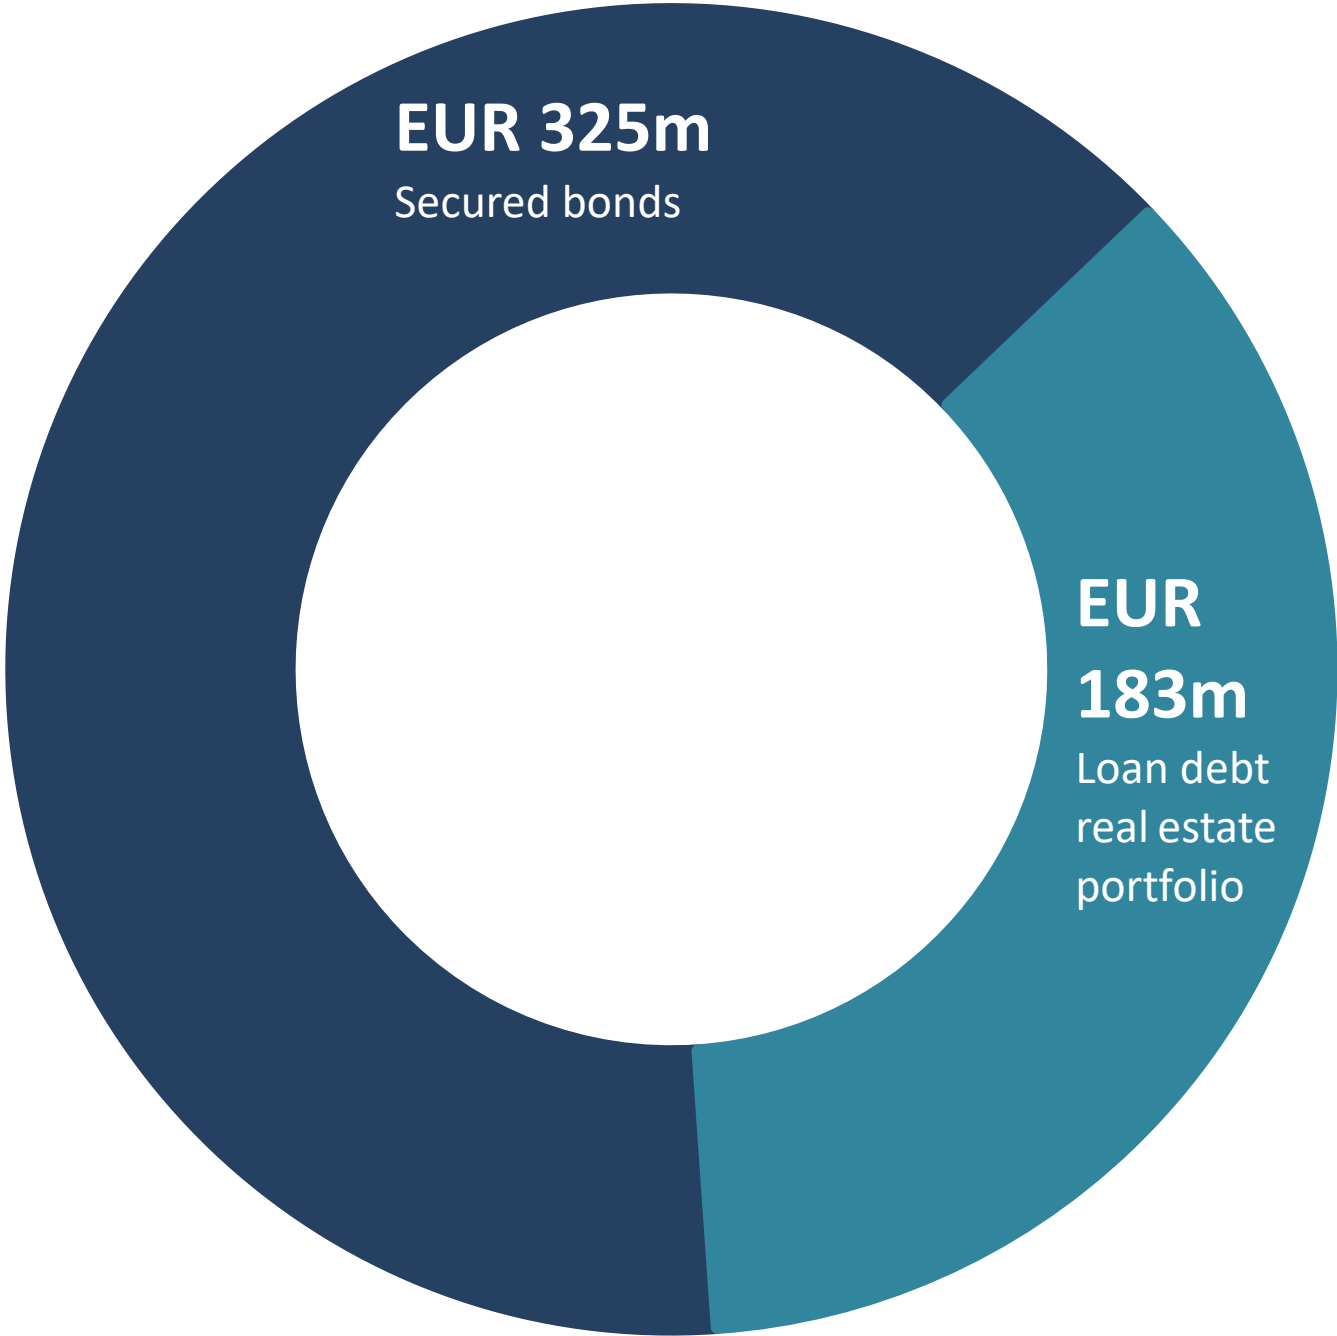

German residential real estate market

- Residential property was traded for only EUR 2.6bn in H1 2023 (Source: BNP Paribas Real Estate)
 - 63% decline y-o-y
 - Lowest volume since H1 2011
- Residential properties prices in Q2 2023 fell 5.4% y-o-y and 0.9% q-o-q (Source: vdp property price index)
 - Prices in Berlin developed relatively robust, but also being down 3.6% y-o-y and 1.5% q-o-q
- New contract rents in multifamily houses rose again in Q2 2023
 - Increase of 6.1% y-o-y, +0.9% q-o-q (Source: vdp property price index)
- Supply situation on the housing market continues to worsen; persistent high housing demand meets significantly declining new construction volume

Business development significantly impacted by difficult parameters

- **Group revenues** of EUR 36.1m (prev. year: EUR 93.5m)
- **Group EBIT** of EUR -9.4m (prev. year: EUR 9.0m)
- **Property sales revenues** of EUR 26.7m (prev. year: EUR 84.8m)
 - H1 2023 notarisation volume in individual privatisation down ~60% y-o-y (units and transaction value)
 - Gross margin of 6.6% (prev. year: 29.0%)
 - Performance impacted by declining notarisation volume since H2 2022 as well as adverse market price development
- **Rental revenues** of EUR 9.1m (prev. year: EUR 7.8m)
 - 16.7% revenue growth due to portfolio expansion last year as well as rent increases
 - Gross margin improved to 43.4% (prev. year: 18.4%) due to among others lower maintenance spent y-o-y
- **Group total income** of EUR -24.6m (prev. year: EUR -2.3m)
 - Despite operational business development, decline also caused by increased interest expenses due to refinancing of bonds
- **FY 2023 forecast**
 - Previous forecast not achievable due to business development to date and ongoing weak market performance
 - Temporarily suspended forecast because of low visibility of business and market development in the remaining year

Diversified financing structure

Funding strategy

- Diversified financing structure with a broad range of financing banks, institutional investors and other financing partners involved
- **Secured bonds:**
 - EUR 225m (2020/2026; coupon: 5.625%)
 - EUR 100m (2021/2029; coupon: 6.125%)

Financial liabilities as of 30 June 2023	Nominal volume (EUR '000)	Ø interest rate (%)	Ø maturity (years)
Loan debt real estate portfolio	183,309	3.0	2.4
Bonds (20-26/21-29)	325,000	5.8	3.5
Total	508,309	4.6	3.0

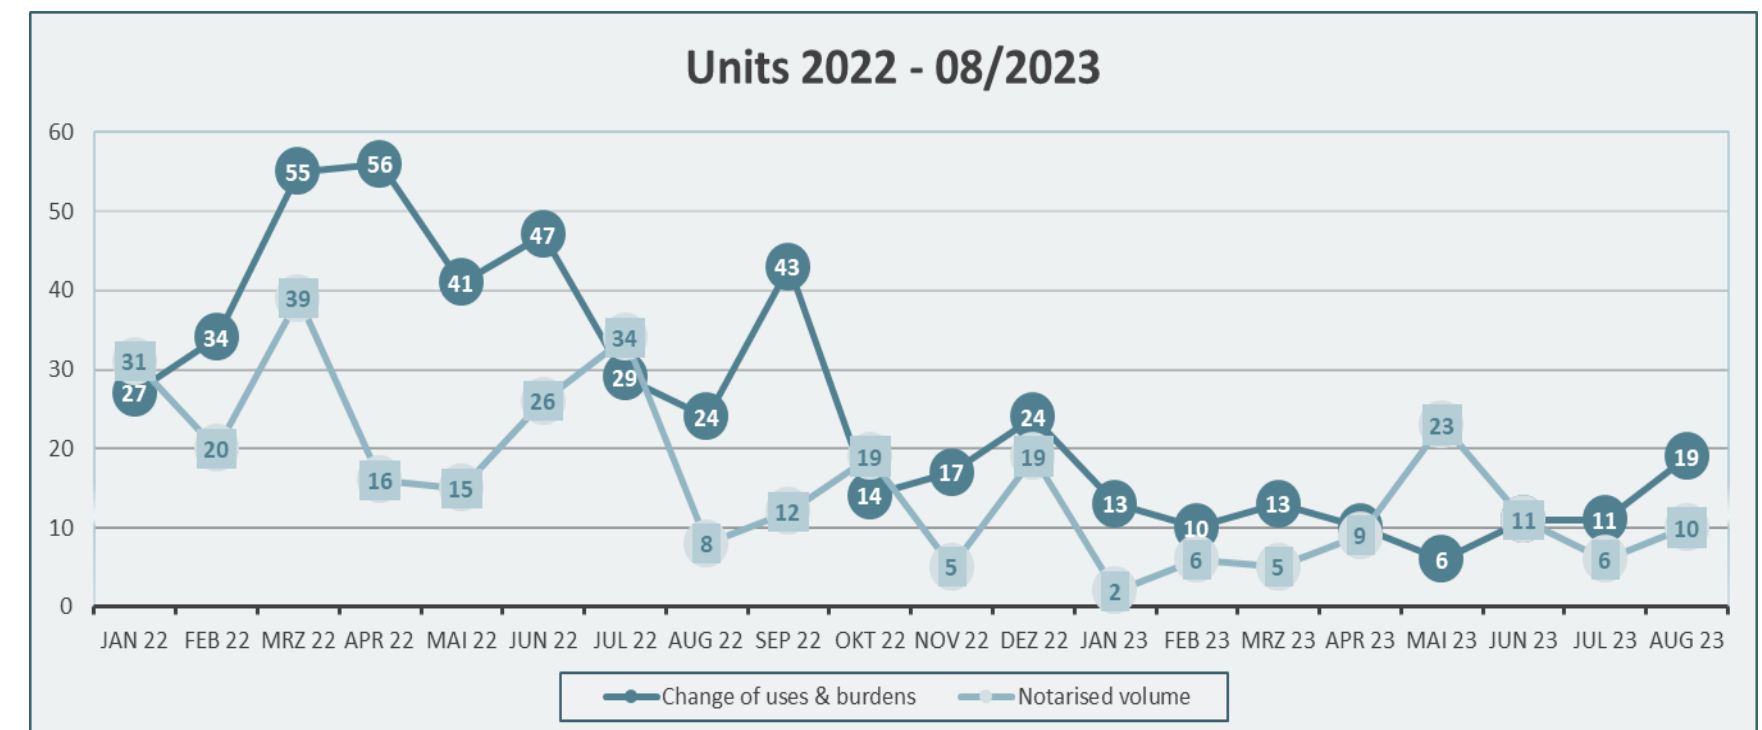

FY 2023 outlook & trading update

FY 2023 outlook temporarily suspended:

- Considering the current business development and a continuing extremely tense market situation as well as persistently weak demand on the housing market, the forecasted consolidated revenues (EUR 100 - 120m) and EBIT (EUR 0 - 2m) for FY 2023 are not expected to be achieved
- Due to the unpredictable business environment, it is presently not possible to provide a well-founded and reliable forecast scope for the current financial year
- However, a significant reduction in consolidated revenues and EBIT compared to the previous forecast must be expected for FY 2023

Trading update:

- High inflation and mortgage rates of around 4% continue to weigh on transaction activity
- The notarisation volume in individual privatisation has been significantly affected by the market development since H2 2022
- Recently increasing number of units with uses & burdens change supporting cash flow generation
- Ongoing exchange with potential buyers of block transactions

Nothing in this document is, or should be relied upon as, a promise or representation as to the future.

This document contains forward-looking statements based on current estimates and assumptions made by the senior management of ACCENTRO. Forward-looking statements are characterised by the use of words such as “expect,” “intend,” “plan,” “predict,” “assume,” “believe,” “estimate,” “anticipate” and similar forward-looking phrases. Such statements are not to be understood as guarantee that predictions of this sort will prove to be correct. In particular, any statements on acquisitions presuppose the actual signing of the necessary contracts or the successful procurement of the necessary equity and debt capital. The future development and actual results achieved by ACCENTRO and its affiliates are subject to a number of risks and uncertainties, and may therefore differ materially from these forward-looking statements. Many of these factors are beyond ACCENTRO’s control and cannot be accurately appraised in advance, including the future economic environment or the actions of competitors and other market players. ACCENTRO does not intend to update its forward-looking statements. Neither ACCENTRO nor any of its respective directors, officers, employees, advisors, or any other person is under any obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. You should not place undue reliance on forward-looking statements, which speak of the date of this document. No obligation is assumed to update any forward-looking statements.

This document contains certain financial measures (including forward-looking measures) that are not calculated in accordance with IFRS and are therefore considered "non-IFRS financial measures". Such non-IFRS financial measures used by ACCENTRO are presented to enhance an understanding of ACCENTRO’s results of operations, financial position or cash flows calculated in accordance with IFRS, but not to replace such financial information. A number of these non-IFRS financial measures are also commonly used by securities analysts, credit rating agencies and investors to evaluate and compare the periodic and future operating performance and value of other companies with which ACCENTRO competes. These non-IFRS financial measures should not be considered in isolation as a measure of ACCENTRO’s profitability or liquidity, and should be considered in addition to, rather than as a substitute for, net income and the other income or cash flow data prepared in accordance with IFRS. In particular, there are material limitations associated with the use of non-IFRS financial measures, including the limitations inherent in determination of each of the relevant adjustments. The non-IFRS financial measures used by ACCENTRO may differ from, and not be comparable to, similarly-titled measures used by other companies. Certain numerical data, financial information and market data (including percentages) in this document have been rounded according to established commercial standards. Furthermore, in tables and charts, these rounded figures may not add up exactly to the totals contained in the respective tables and charts.

Accordingly, neither ACCENTRO nor any of its directors, officers, employees or advisors, nor any other person makes any representation or warranty, express or implied, as to, and accordingly no reliance should be placed on, the fairness, accuracy or completeness of the information contained in the document or of the views given or implied.
