

EXTERIOR LIGHTING

XTP6 SERIES

Surface Mount

XTP6 Series come in a variety of sizes and is available in single, split, or multicolor. Each model delivers a bright, controllable signal within a sleek, low-profile design. These compact, waterproof exterior lights can be mounted virtually anywhere on a vehicle to meet any need or application. The XTP6 is available in single-color and has 30 flash patterns, split-color has 22 flash patterns, and multi-color has 70 flash patterns. Features include steady-burn, controllable flash pattern output, and programmable with the Code 3 Lighthead Programmer.

Models

PART NO.	TYPE	LED COLOR
XTP6XX	Single	
XTP6XX	Split	
XTP6MCXX	Dual	

Replace "X" with **A** = Amber, **B** = Blue, **G** = Green, **R** = Red, **W** = White
