CODE 3 MATRIX[®]

ENABLED

BENEFITS

These presets only scratch the surface of Matrix's capability. The system can be configured to activate a K9 unit's air conditioning if the internal temperature gets too high. Program a cruise light function to signal availability and boost community policing efforts. The possibilities are endless. Make the system work for you and your jurisdiction.

TRAFFIC STOP / ON-SCENE

- DOOR CUT** – Eliminate alley and scene lighting on the driver or passenger-side of the vehicle when a door is opened; reduce night blindness from bright lights
- FRONT FLOOD** – Engage high beams, turn all forward-facing lights white
- PARK KILL** – Put the unit in park, cut the siren tone and flashing lights
- DIRECTIONAL** – Activate directional flash patterns and sync exterior lighting
- DIM** – Reduce LED luminosity allowing citizens to pass more safely

LIGHTS AND SIREN

- LIGHTBAR** – Activate custom flash-patterns and color combinations. Turn signals, braking and parking can be programmed to trigger pattern and color changes
- SPEED** – Change tones and lighting functions at a pre-determined speed
- HORN RING TRANSFER** – Change tones and lighting functions when the horn is engaged
- V2V SYNC** – Synchronize entire fleet and across multiple agency fleets utilizing the V2V Sync Module. (Sold separately)

SURFACE MOUNT
29, 69 or 135 Flash patterns
Single-, dual- and tri-color

MR6/MR24 SERIES 2 3 4
MULTI-MOUNT
29, 69 or 286 Flash patterns
Single-, dual- and quad-color

CD4080 SERIES 2
EXTERIOR & PERIMETER WARNING
29 or 55 Flash patterns
Single- and dual-color

CD3511 SERIES 2
SURFACE MOUNT
29 or 69 Flash patterns
Single- and dual-color

CD5051 SERIES 5
SURFACE MOUNT
18 or 36 Flash patterns
Single- and dual-color

MEGAFLEX™ SERIES 3 5
SURFACE MOUNT
120° Flexible | 69 Flash patterns
Tri-color

MICROPAK SERIES 5
SURFACE MOUNT
29 or 69 Flash patterns
Single- and dual-color

CD9012 SERIES 6
CONCEALED / SURFACE MOUNT
29 or 69 Flash patterns
Single- and dual-color

VS SERIES 6
SURFACE MOUNT
29 or 69 Flash patterns
Single- and dual-color

DASH EMITTER 7
HIGH AND LOW PRIORITY
Traffic signaling light

THIN SUPERVISOR™ - MATRIX® 8
WINDSHIELD MOUNTED INTERIOR LIGHT
Unlimited flash patterns | Dual- and tri-color

OUTLINER™ - MATRIX® 9
WARNING LIGHT FOR RUNNING BOARDS
