

LIGHTBARS

TRIUMPH® - 28 SERIES Two Levels Of Uninterrupted Warning

The Triumph™ modern curves match modern vehicle lines to make it a solid and attractive addition to any police vehicle. It has 2 levels of state-of-the-art SIRIS™ LED technology that provides 360° of uninterrupted lighting. The center section provides an additional row of lights on both the front and rear of the lightbar. This section can be used for a combination of products: massive takedown, traffic emitter, or 100-watt speaker. Features include 9-Up SIRIS™ LED lightheads, dimming mode, traffic advisor in rear, top colored lens, and black under-molded top lens that prevents UV degradation.

Features

- Two levels of 360° lighting, even on the ends of the bar
- Full featured and customized lightbar with 9-up or 18-up dual-color SIRIS LED lightheads
- Central controlled or independent flashing lightheads
- Black under-molded top lens prevents ultraviolet (UV) degradation
- Traffic advisor in rear either stand-alone or doubled up providing two levels of warning
- Includes ArrowStik™
- SmartPro™ controller allows one touch setting/changing of flash patterns

Adjustable Mounting Kits

MODEL	WEIGHT	VERTICAL ADJUSTMENT
ADMKIT	2.9 lbs	0.625"

- Universal, low-rise fit that allows a lightbar to be adjusted to perfectly match the contours of today's emergency vehicles
- The adjustable mounting feet are pursuit speed tested (extra brackets are not required to meet pursuit speed rating)
- The bracket system allows the lightbar to be adjusted for height and front/back angle to ensure the lightbar is perfectly level
