

OUTLINER™ SERIES

DUAL-COLOR WARNING FOR RUNNING BOARDS AND OTHER APPLICATIONS

C3RNRDC-60L-RW

The Outliner™ Series distributes a bright output to increase visibility on running boards, push bumpers, tailgates, or any other perimeter location. The dual-color lighthead produces 32 flash patterns, including steady burn, as well as a phase one and two syncing capability. Units include separate wires for dim and steady-burn override. The Outliner features high-grade, powder-coated aluminum housing, sealed weather-resistant lighthead and a jacket-enclosed 55" cable.
