9 LED HIDE-A-BLAST™ SERIES

Concealed Warning

Code 3's 9 LED Hide-A-Blast™ has multiple colored LEDs that allows use of the lights in both head light and tail light locations. Easy mounting simplifies installation and the 30 flash patterns provide more options for department use. Features include vertical or horizontal mounting, multiple heads can be synchronized, universal fit for all vehicles, maintenance free, polycarbonate clear lens, and easy installation.
