MTS6265-RB

The Mega Thin™ Stik is the thinnest warning light of its kind in the industry, standing at only 1.6-in. high. The waterproof, compact design allows for virtually limitless mounting possibilities such as the upper and rear decks or behind the unit's grille. Curved end optics deliver superior off-angle performance. Choose from three lengths and configure the single- or dual-color lighthoods to meet the fleet's needs. Beyond its standard warning capability, use the Mega Thin™ Stik as an ArrowStik® traffic advisor, extra reverse lighting or as a powerful, steady-burn SC
