

BULLET™ HIDE-A-BLAST™ SERIES

CONCEALED WARNING

The Hide-A-Blast™ Bullet is a concealed warning light that features two high-intensity LEDs. Available with ¾-in. or 2-in. shaft lengths, the Bullet is designed to allow quick and easy installation in any headlight or taillight casing. Requiring only a single ½-in. hole, the Bullet is engineered to be compatible with the double-wall design of modern vehicle light casings. In addition, the Bullet is self-adhesive and requires no mounting hardware (but it can also be secured with screws). The unit features 16 flash patterns, sync capability with exterior lighting and a nine-ft. cable is included.
