

LIGHTBARS

21TR[™] PLUS/21IF[™] - 21 SERIES

Delivers Off-Angle Performance

The 21TR[™] Plus and 21IF are a superior directional and deliver off-angle performance. This lightbar is economical, yet advanced, and offers standard features providing the brightest basic lightbar on the market. The 21TR[™] Plus features deluxe central controller, 40+ flash patterns, NarrowStik[™], flashing takedown and alleys, cruise lights, and a multi-color feature is available. The 21IF is an independent flashing LED lightbar that features flashing takedown and alleys, independently flashing lighthead, and user selectable flash patterns. Each lighthead has a clear lens, LED takedowns and alleys, and a dimming mode.

Adjustable Mounting Kits

MODEL	WEIGHT	VERTICAL ADJUSTMENT
ADMKIT	2.9 lbs	0.625"

- Universal, low-rise fit that allows a lightbar to be adjusted to perfectly match the contours of today's emergency vehicles
- The adjustable mounting feet are pursuit speed tested (extra brackets are not required to meet pursuit speed rating)
- The bracket system allows the lightbar to be adjusted for height and front/back angle to ensure the lightbar is perfectly level
