

## MINIBARS

### C5590 SERIES REFLEX® 15" LED Microbar

Code 3's Reflex® Series LED minibar features an innovative design combining Reflective and TIR Optic LED modules to provide superior 360° warning. The TIR Optic modules produce a highly intense, focused and long distance beam to the front and rear of the vehicle while the Reflective modules ensure optimum 360° coverage by producing a dispersed, wide-angle beam to the sides and corners. Permanent mount models can be synchronized to operate multiple lights alternately or simultaneously.
