

BEACONS

CL199™ SERIES Side & Top LED Lighting

CL199 Series beacons feature a clear polycarbonate lens with 12 LEDs and 12 auxiliary LEDs in the top that provide 360° vertical and horizontal coverage. CL199 beacons are waterproof, shock resistant, and meet a multitude of industry approvals. They are available in a wide range of colors, have 30 built-in flash patterns, and can be mounted with either a 3-bolt or magnetic mount.
