**SOLUTIONS**

BUILT FOR YOU. BUILT TO LAST.  
BUILT TO SERVE.

When you are on shift, rely on Code 3 emergency warning systems to get the job done safely and effectively. Our lighting and warning solutions ensure officers are seen and heard, whether responding to an emergency or rendering assistance in the roadway.

Officers put their lives on the line every day and we are committed to their safety. That is why Code 3 has engineered and developed the most advanced emergency solutions over the past 48 years.

The latest emergency warning technology is here and we have selected the following products that are ideal for the 2021 Tahoe. Explore your options and upfit the fleet with confidence.

OUR PROMISE TO YOU

Code 3 has your back with unparalleled customer service and a five-year, no-hassle warranty on most products. Certain exceptions apply to replacement parts, camera systems, legacy models and non-permanent mount products, which have one-year warranties. Our customer support and Inside Sales Team stand ready to answer any questions you may have.

Code 3 products are tested beyond the industry standard. All lighting and warning systems undergo rigorous testing in the lab and in the real world. From wild temperature swings to prolonged use in extreme environmental conditions, we work tirelessly to deliver the most reliable products in the emergency market. You have a tough job and work hard to keep your communities safe. You deserve the best and most reliable equipment to meet your needs from one shift to the next.
